

TYPE S MATCH BUSHING FULL DIE SETS - REDDING 25 CREEDMOOR BUSHING FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Type S Match Bushing Full Die Set contains a Type S Bushing Full Sizing Die and a Competition Seating Die. The Type S Bushing Full Die allows full length resizing while maintaining exact control of the case neck. Interchangeable bushings allow you to determine your own level of sizing and neck tension. The Competition Bullet Seating Die features a micrometer calibrated in .001" increments and floating seating stem system which help eliminate concentricity problems.

Consumer Safety Instruction Guide for Redding Type S Match Bushing Full Die Set

Introduction

Thank you for choosing the Redding Type S Match Bushing Full Die Set for your reloading needs. This guide provides essential safety instructions and guidelines to ensure safe and effective use of this product. Please read this document carefully before using the die set.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in the product description.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling reloading equipment.
- Keep the die set out of reach of children and unauthorized users.
- Regularly inspect the die set for any signs of damage or wear before each use.
- Follow all local laws and regulations regarding ammunition reloading and use.

Specific Safety Precautions for Use

- Only use the die set with compatible cartridges, specifically the 25 Creedmoor.
- Be cautious when adjusting bushings; improper adjustments can lead to unsafe neck tension and resizing.
- Ensure that the micrometer on the Competition Bullet Seating Die is calibrated correctly before use to avoid incorrect bullet seating.
- Avoid overtightening the dies in the press, as this can cause damage and affect performance.
- Do not attempt to modify or repair the die set yourself; contact a professional for assistance.

Instructions for Installation and Usage

1. Installation:

- Begin by cleaning your reloading press to ensure no debris interferes with the installation.
- Secure the Type S Bushing Full Sizing Die into the press according to the manufacturer's instructions.
- Insert the appropriate bushing for your desired neck tension into the sizing die.
- Install the Competition Bullet Seating Die in the press, ensuring it is properly aligned.

2. Usage:

- Follow the reloading data specific to the 25 Creedmoor cartridge for powder charges and bullet types.
- Resize cases using the Type S Bushing Full Sizing Die, adjusting the bushing to achieve the desired neck tension.
- Use the Competition Bullet Seating Die to seat the bullets, adjusting the micrometer for precise seating depth.
- Regularly check the dimensions of resized cases and seated bullets to ensure consistency and safety.

Disposal Instructions

- Dispose of any damaged or worn components of the die set in accordance with local waste disposal regulations.
- Do not dispose of the die set in regular household waste; seek out recycling options for metal.

components if available.

- Ensure that all packaging materials are disposed of responsibly.

Contact Information for Further Support

For any inquiries regarding the safety and usage of the Redding Type S Match Bushing Full Die Set, please refer to the product packaging or visit the manufacturer's website for further assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience with your Redding Type S Match Bushing Full Die Set. Thank you for prioritizing safety in your reloading practices.
