

TYPE S BUSHING FULL DIES - REDDING 6MM GT BUSHING FULL LENGTH TYPE S DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Full Length resizing while maintaining exact control of the case neck is often desirable in one operation. The Redding Type S Bushing Full Length Sizing Dies accomplish this task with the precision you would expect from Redding. Uses the same interchangeable bushings as those used in Redding bushing style neck sizing dies. The adjustable decapping rod allows you to adjust the bushing position, sizing only part of the neck length when desired. Concentricity is enhanced by the ability of the bushing to self-center on the neck of the cartridge case. All Type S dies are supplied with both the standard size button and a decapping pin retainer. By removing the bushing and all internal parts, the Type S Bushing Full Die may also be used as a body die.

Safety Instruction Guide for TYPE S BUSHING FULL DIES REDDING 6MM GT

Introduction

Thank you for choosing the TYPE S BUSHING FULL DIES REDDING 6MM GT. This guide is designed to provide you with important safety information and instructions for the safe use and handling of this product. Please read this guide carefully before using the product to ensure safe and effective operation.

General Safety Guidelines

- Ensure that you are familiar with the operation of the die before use.
- Always wear appropriate personal protective equipment (PPE), including safety glasses, when using this product.
- Keep the work area clean and welllit to prevent accidents.
- Store the die in a safe place, out of reach of children and pets.
- Follow all manufacturer instructions and guidelines for use.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- Use the die only for the intended purpose of resizing cartridge cases.
- Ensure that the die is properly installed in the reloading press before use.
- Do not exceed the recommended sizing limits for the cartridge cases.
- Regularly inspect the die for wear or damage before use.
- If you notice any unusual sounds or resistance while using the die, stop immediately and inspect the equipment.
- Always handle the die with care to avoid injury from sharp edges or moving parts.

Instructions for Installation and Usage

1. Installation:

- Remove the die from its packaging and inspect it for any damage.
- Clean the die if necessary to remove any manufacturing residue.
- Install the die into the reloading press according to the manufacturer's instructions, ensuring it is securely fastened.

2. Usage:

- Adjust the bushing position using the adjustable decapping rod as needed.
- Insert the cartridge case into the die and apply the appropriate pressure to resize the case.
- Monitor the resizing process to ensure proper sizing and concentricity.
- After use, clean the die to remove any residue and store it safely.

Disposal Instructions

- Dispose of any unused or expired products in accordance with local regulations.
- Do not dispose of the die in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support
