

TYPE S BUSHING FULL DIES - REDDING 25 CREEDMOOR BUSHING FULL LENGTH TYPE S DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Full Length resizing while maintaining exact control of the case neck is often desirable in one operation. The Redding Type S Bushing Full Length Sizing Dies accomplish this task with the precision you would expect from Redding. Uses the same interchangeable bushings as those used in Redding bushing style neck sizing dies. The adjustable decapping rod allows you to adjust the bushing position, sizing only part of the neck length when desired. Concentricity is enhanced by the ability of the bushing to self-center on the neck of the cartridge case. All Type S dies are supplied with both the standard size button and a decapping pin retainer. By removing the bushing and all internal parts, the Type S Bushing Full Die may also be used as a body die.

Safety Instruction Guide for TYPE S BUSHING FULL DIES REDDING 25 CREEDMOOR BUSHING FULL LENGTH TYPE S DIE

Introduction

Thank you for choosing the TYPE S BUSHING FULL DIES REDDING 25 CREEDMOOR BUSHING FULL LENGTH TYPE S DIE. This product is designed for precise fulllength resizing of cartridge cases while maintaining control over the case neck. It is essential to follow safety guidelines to ensure safe use and optimal performance.

General Safety Guidelines

- Ensure that you read and understand all instructions before using the product.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of wear or damage before each use.
- Follow all manufacturer recommendations and guidelines for usage and maintenance.
- In case of any malfunction or accident, report it to the relevant authorities.

Specific Safety Precautions for Use

- Use only the specified bushings compatible with the Redding Type S Bushing Full Length Sizing Dies.
- Avoid overtightening the decapping rod, which may cause damage to the bushing or die.
- Do not attempt to modify the die or its components.
- Ensure that the workspace is clean and free of obstructions to prevent accidents.
- Use the die only for its intended purpose—do not use it for resizing other types of cases or materials.

Instructions for Installation and Usage

1. Installation:

- Secure the die in the reloading press according to the manufacturer's instructions.
- Ensure that the die is properly aligned and tightened to prevent movement during use.
- Install the appropriate bushing for the cartridge case being resized.

2. Usage:

- Prepare the cartridge cases by cleaning and inspecting them for defects.
- Insert the cartridge case into the die, ensuring that it is seated correctly.
- Adjust the decapping rod as needed to control the bushing position and neck sizing length.
- Operate the reloading press smoothly and steadily to resize the case.
- After resizing, remove the cartridge case and inspect it for any issues.

Disposal Instructions

- Dispose of any damaged or wornout components in accordance with local regulations.
- Do not throw away the die or its parts in regular household waste.
- Check with local recycling centers for proper disposal methods for metal components.

Contact Information for Further Support

For any questions or concerns regarding the TYPE S BUSHING FULL DIES REDDING 25 CREEDMOOR BUSHING FULL LENGTH TYPE S DIE, please refer to the manufacturer's customer support resources. They can provide assistance and additional information regarding safety, usage, and maintenance.

Thank you for ensuring safety while enjoying the benefits of your new reloading die.
