# Safety Instruction Guide for Redding 6mm GT Full Length Die Set

## Introduction

Thank you for choosing the Redding 6mm GT Full Length Die Set. This guide provides important safety instructions to ensure safe and effective use of your die set. Please read this guide thoroughly before using the product.

## General Safety Guidelines

- Ensure that the die set is used only for its intended purpose, which is to resize and seat bullets for 6mm GT cartridges.
- Always wear appropriate personal protective equipment (PPE), including safety glasses, when using this product.
- Keep the die set out of reach of children and unauthorized users.
- Regularly inspect the die set for signs of wear or damage before each use.
- Follow all local laws and regulations regarding the use and storage of reloading equipment and ammunition.

## Specific Safety Precautions for Use

- Use the die set only with compatible cartridges. The Redding 6mm GT Full Length Die Set is designed specifically for 6mm GT cartridges.
- Ensure that your reloading press is compatible with the die set and is in good working condition.
- Do not exceed recommended load limits when reloading ammunition. Refer to reliable reloading manuals for guidance.
- Avoid distractions while using the die set. Focus on the task at hand to prevent accidents.
- If you experience any unusual resistance while resizing or seating, stop immediately and inspect the die set and cartridge for issues.

## Instructions for Installation and Usage

### 1. Installation:

- Securely mount the reloading press to a stable work surface.
- Insert the full length sizing die into the press and tighten it according to the manufacturer's instructions.
- Adjust the die to the correct position for resizing the cartridge.

### 2. Usage:

- Prepare the brass casing by cleaning and inspecting it for damage.
- Insert the brass casing into the press and ensure it is positioned correctly.
- Pull the handle of the press to resize the casing. Ensure smooth operation without excessive force.
- After resizing, remove the casing and check for proper dimensions.
- For bullet seating, insert the seating die into the press and adjust it according to the desired bullet seating depth.
- Place a bullet on the mouth of the casing and pull the handle to seat the bullet.

## **Disposal Instructions**

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not dispose of ammunition or reloading components in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods for hazardous materials.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please refer to the manufacturer's contact information provided with your product packaging or visit the manufacturer's website.

## **Conclusion**

By following these safety instructions, you can ensure a safe and effective experience with your Redding 6mm GT Full Length Die Set. Remember to always prioritize safety and adhere to best practices when handling reloading equipment. Thank you for your attention to these important guidelines.
