

DELUXE 3-DIE SETS - REDDING 6MM GT 3-DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Deluxe Die Sets include the full length sizing die, standard seating die and the neck sizing die. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Guaranteed to produce ammunition that will properly fit any standard (SAAMI) chamber. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging, they come in a handy die box with a spare decapping pin, hex wrench and a place for your shellholder (sold separately).

Safety Instruction Guide for DELUXE 3DIE SETS

REDDING 6MM GT 3DIE SET

Introduction

Thank you for choosing the DELUXE 3DIE SETS REDDING 6MM GT 3DIE SET. This product is designed for the safe and effective reloading of ammunition. It is important to follow all safety instructions and guidelines to ensure safe usage and to protect yourself and others.

General Safety Guidelines

- Ensure all components are in good condition before use.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves.
- Keep the workspace clean and organized to prevent accidents.
- Store the dies and components in a secure place, out of reach of children and unauthorized users.
- Regularly check for updates on product recalls and safety notices via the EU Safety Gate platform.

Specific Safety Precautions for Use

- Avoid using the dies if they show signs of damage or excessive wear.
- Do not exceed the manufacturer's recommended specifications for reloading.
- Ensure proper ventilation in the workspace to avoid inhalation of dust or fumes.
- Always follow the recommended procedures for die installation and ammunition reloading.
- Keep hands and other body parts clear of moving parts during operation.

Instructions for Installation and Usage

1. Installation of the Dies:

- Ensure your reloading press is securely mounted and stable.
- Carefully unpack the die set and inspect each die for any damage.
- Install the full length sizing die into the press according to the manufacturer's instructions.
- Follow with the neck sizing die and the standard seating die, ensuring each is tightened securely.

2. Using the Dies:

- Prepare your brass cases by cleaning and inspecting them before reloading.
- Set the sizing die to the appropriate depth for fulllength resizing.
- Insert the brass case into the die and operate the press to resize the case.
- Adjust the seating die to the desired bullet seating depth as per your specifications.
- Always check the first few rounds for proper fit and function before proceeding with larger batches.

3. Maintenance:

- After use, clean the dies to remove any residue or debris.
- Store the dies in the provided die box to protect them from damage.
- Regularly inspect the dies for wear and replace any damaged components.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not throw away ammunition or reloading materials in regular trash.
- Contact local waste disposal services for guidance on safe disposal methods for hazardous materials.

Contact Information for Further Support

For any safety inquiries or concerns regarding the DELUXE 3DIE SETS REDDING 6MM GT 3DIE SET, please refer to the manufacturer's customer service resources or the EU Safety Gate platform for updates on safety and recalls.

By following these safety guidelines and instructions, you can ensure a safe and efficient reloading experience with your DELUXE 3DIE SETS REDDING 6MM GT 3DIE SET. Thank you for your attention to safety.
