

SECOND BEST SLINGS - GBRS GROUP SECOND BEST SLING SINGLE/DOUBLE POINT MULTICAM

GBRS GROUP SECOND BEST SLING The GBRS Group "SBS" (Second Best Sling) has been designed with the end user in mind. Their GOAL is to make and continuously evolve a high-performance minimalist sling offering the most customization without extra material and unwanted weight. GBRS have been testing materials and attachment points and feel this is their best option so far with design and functionality as the primary focus. The SBS features a long forward lead end with forty inches of travel that can be trimmed to fit the end user's body. As well as a twenty inch tail that can be trimmed to fine tune the slings overall fit and deliver the best performance to the individual. The neck pad dimensions were designed for maximum functional comfort with tapers at both ends to eliminate snag points when slinging the carbine to the end user's back. The padding is covered in a four way stretch Tweave that offers a smooth friction free movement around your neck or across the back of your kit. The four inch pull tab features two center bar tacks that can be removed if the wearer would prefer a thumb loop instead of the pull tab. GBRS removed large metal hardware commonly found in slings and reduced the weight down to 2.7 oz, half the weight of other slings on the market. FEATURES Double or Single point attachment options with correct hardware 40" Adjustable Front End 1" w/single Tri-Glide and Pull Tab 20" Adjustable Back End 1" w/ single Tri-Glide 16" Minimalist Neck Pad tapered w/ Closed Cell Crosslink Padding 4" Double Fold Over Pull Tab Mounting Hardware "QD Attachments" not included

Safety Instructions for GBRS Group Second Best Sling

Introduction

Thank you for choosing the GBRS Group Second Best Sling. This product has been designed with your safety and comfort in mind. Please read and follow these safety instructions carefully to ensure proper use and maintenance of your sling.

General Safety Guidelines

- Ensure the sling is used only for its intended purpose as a firearm accessory.
- Regularly inspect the sling for any signs of wear or damage before each use.
- Keep the sling out of reach of children and unauthorized users.
- If you experience any issues with the sling, cease use immediately and seek assistance.
- Always follow local laws and regulations regarding firearm accessories and usage.

Specific Safety Precautions for Use

- Be aware of your surroundings when using the sling to prevent accidental injury to yourself or others.
- Ensure that the sling is properly attached to your firearm before use.
- Avoid placing excessive weight on the sling that could compromise its integrity.
- Use the sling in a manner that does not obstruct your movement or visibility.
- When transitioning from a standing to a kneeling or prone position, ensure the sling does not become tangled or caught on objects.

Instructions for Installation and Usage

1. Installation

- Identify the attachment points on your firearm.
- Attach the sling's front end using the provided hardware, ensuring it is secure.
- Adjust the length of the front end to fit comfortably.
- Attach the sling's back end to the designated point, ensuring it is also secure.
- Trim any excess length as needed for a snug fit.

2. Usage

- Adjust the sling to your body size for optimal comfort and functionality.
- Utilize the adjustable features to ensure a secure fit during movement.
- When not in use, store the sling in a dry and safe location to prevent damage.

Disposal Instructions

- When the sling reaches the end of its useful life or is damaged beyond repair, dispose of it responsibly.
- Check local regulations for proper disposal methods for textile products.
- Do not dispose of the sling in regular household waste if it is made of materials that require special handling.
