

SECOND BEST SLINGS - GBRS GROUP SECOND BEST SLING SINGLE/DOUBLE POINT RANGER GREEN

GBRS GROUP SECOND BEST SLING The GBRS Group “SBS” (Second Best Sling) has been designed with the end user in mind. Their GOAL is to make and continuously evolve a high-performance minimalist sling offering the most customization without extra material and unwanted weight. GBRS have been testing materials and attachment points and feel this is their best option so far with design and functionality as the primary focus. The SBS features a long forward lead end with forty inches of travel that can be trimmed to fit the end user's body. As well as a twenty inch tail that can be trimmed to fine tune the slings overall fit and deliver the best performance to the individual. The neck pad dimensions were designed for maximum functional comfort with tapers at both ends to eliminate snag points when slinging the carbine to the end user's back. The padding is covered in a four way stretch Tweave that offers a smooth friction free movement around your neck or across the back of your kit. The four inch pull tab features two center bar tacks that can be removed if the wearer would prefer a thumb loop instead of the pull tab. GBRS removed large metal hardware commonly found in slings and reduced the weight down to 2.7 oz, half the weight of other slings on the market. FEATURES Double or Single point attachment options with correct hardware 40” Adjustable Front End 1” w/single Tri-Glide and Pull Tab 20” Adjustable Back End 1” w/ single Tri-Glide 16" Minimalist Neck Pad tapered w/ Closed Cell Crosslink Padding 4” Double Fold Over Pull Tab Mounting Hardware “QD Attachments” not included

Safety Instruction Guide for GBRS Group Second Best Sling

Introduction

Thank you for choosing the GBRS Group Second Best Sling. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your sling. Please read this document carefully before use.

General Safety Guidelines

- Ensure the sling is used only for its intended purpose.
- Always inspect the sling before each use for any signs of wear or damage.
- Do not exceed the weight limit specified by the manufacturer.
- Keep the sling away from sharp objects and extreme heat sources.
- Store the sling in a cool, dry place when not in use.
- If the sling becomes damaged, discontinue use immediately and contact the manufacturer for guidance.

Specific Safety Precautions for Use

- Always adjust the sling to fit your body properly before use.
- Make sure all attachment points are secure before using the sling.
- Avoid using the sling in wet or slippery conditions to prevent accidents.
- Do not modify the sling or use it with incompatible hardware.
- Ensure that the sling is not tangled or caught on any objects during use.
- Be cautious when transitioning from one position to another, as the sling may shift.

Instructions for Installation and Usage

1. Attachment:

- Choose the appropriate attachment point (single or double point).
- Ensure that the hardware is properly secured and locked in place.

2. Adjusting the Sling:

- For the front end, pull the adjustment strap to achieve the desired length (up to 40 inches).
- For the back end, adjust the strap to fit comfortably against your body (up to 20 inches).
- Trim any excess strap material if necessary for a better fit.

3. Wearing the Sling:

- Position the neck pad comfortably on your neck.
- Ensure that the sling does not restrict movement or cause discomfort.
- Check that the pull tab is accessible for quick adjustments.

4. Removing the Sling:

- To remove the sling, release the attachment points and carefully slide the sling off your body.
- Store the sling properly to maintain its condition.

Disposal Instructions

- When the sling has reached the end of its life or is no longer usable, dispose of it in accordance with local

regulations.

- Do not burn the sling, as it may release harmful substances.
- If possible, recycle materials according to local recycling programs.

Contact Information for Further Support

For any safety inquiries or additional support, please refer to the manufacturer's contact details provided on the product packaging or the official website.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your GBRS Group Second Best Sling. Always prioritize safety and be mindful of the guidelines provided. Thank you for your attention, and enjoy your product!
