

SECOND BEST SLINGS - GBRS GROUP SECOND BEST SLING SINGLE/DOUBLE POINT DESERT BROWN

GBRS GROUP SECOND BEST SLING The GBRS Group "SBS" (Second Best Sling) has been designed with the end user in mind. Their GOAL is to make and continuously evolve a high-performance minimalist sling offering the most customization without extra material and unwanted weight. GBRS have been testing materials and attachment points and feel this is their best option so far with design and functionality as the primary focus. The SBS features a long forward lead end with forty inches of travel that can be trimmed to fit the end user's body. As well as a twenty inch tail that can be trimmed to fine tune the slings overall fit and deliver the best performance to the individual. The neck pad dimensions were designed for maximum functional comfort with tapers at both ends to eliminate snag points when slinging the carbine to the end user's back. The padding is covered in a four way stretch Tweave that offers a smooth friction free movement around your neck or across the back of your kit. The four inch pull tab features two center bar tacks that can be removed if the wearer would prefer a thumb loop instead of the pull tab. GBRS removed large metal hardware commonly found in slings and reduced the weight down to 2.7 oz, half the weight of other slings on the market. FEATURES Double or Single point attachment options with correct hardware 40" Adjustable Front End 1" w/single Tri-Glide and Pull Tab 20" Adjustable Back End 1" w/ single Tri-Glide 16" Minimalist Neck Pad tapered w/ Closed Cell Crosslink Padding 4" Double Fold Over Pull Tab Mounting Hardware "QD Attachments" not included

Safety Instruction Guide for the SECOND BEST SLING by GBRS GROUP

Introduction

Thank you for choosing the SECOND BEST SLING by GBRS GROUP. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your sling. Please read this document carefully before using the product to help prevent accidents and injuries.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the sling by following all instructions provided in this guide. This product is designed for nonfood use and should be used only as intended.
- **Enhanced Recalls:** Stay informed about potential recalls. If you receive a recall notice, follow the instructions provided for returning or exchanging the product.
- **Online Shopping:** When purchasing online, ensure that the retailer complies with safety requirements and that the product is genuine.
- **Special Consumer Focus:** This product is not designed for children. Keep out of reach of children to avoid accidents.
- **EU Contact Point:** For any safety inquiries, please refer to the appropriate contact point in your country.
- **Rapid Alerts:** Monitor the EU Safety Gate platform for updates on any unsafe products, including recalls or safety notices related to this sling.

Specific Safety Precautions for Use

- **Inspection:** Before each use, inspect the sling for any signs of wear, damage, or defects. Do not use the sling if any issues are found.
- **Weight Limit:** Ensure that the weight being carried by the sling does not exceed the recommended limit. Overloading may result in failure.
- **Proper Fit:** Adjust the sling for a proper fit. A poorly fitted sling may slip or cause discomfort.
- **Attachment Points:** Use only the designated attachment points on your equipment. Incorrect attachment can lead to accidents.
- **Avoid Snagging:** Be cautious of potential snag points when using the sling, especially when transitioning from one position to another.
- **Training:** If you are unfamiliar with using slings, seek training or guidance from a qualified instructor to ensure safe operation.

Instructions for Installation and Usage

1. Adjusting the Sling:

- Locate the adjustable front end of the sling.
- Pull the webbing to extend or trim to fit your body as needed.
- Adjust the tail section similarly to ensure a snug fit.

2. Attaching the Sling:

- Identify the attachment points on your equipment (e.g., carbine).
- Use the provided hardware to securely attach the sling to the designated points.
- Ensure that the attachment is tight and does not move.

3. Using the Sling:

- Place the sling over your shoulder or around your neck as preferred.
- Ensure that the neck pad is correctly positioned for comfort.
- When transitioning to your back, ensure that the sling does not snag on any clothing or equipment.

4. Removing the Sling:

- When finished, carefully unclip or detach the sling from your equipment.
- Store the sling in a dry, cool place away from direct sunlight.

Disposal Instructions

- **Environmental Considerations:** Dispose of the sling responsibly. Do not throw it in regular waste.
- **Recycling:** Check local regulations regarding recycling of nylon materials. If possible, recycle the sling according to local guidelines.
- **Hazardous Waste:** If the sling is damaged beyond use, consult local waste management for proper disposal methods.

Contact Information for Further Support

For any inquiries or support regarding the SECOND BEST SLING, please refer to the appropriate contact point in your country. Ensure that you have the product details and any relevant information on hand when reaching out for assistance.

By following these guidelines, you can ensure the safe and effective use of your SECOND BEST SLING. Thank you for your attention to safety and enjoy your experience with this product!
