

SECOND BEST SLINGS - GBRS GROUP SECOND BEST SLING SINGLE/DOUBLE POINT WOLF GRAY

GBRS GROUP SECOND BEST SLING The GBRS Group “SBS” (Second Best Sling) has been designed with the end user in mind. Their GOAL is to make and continuously evolve a high-performance minimalist sling offering the most customization without extra material and unwanted weight. GBRS have been testing materials and attachment points and feel this is their best option so far with design and functionality as the primary focus. The SBS features a long forward lead end with forty inches of travel that can be trimmed to fit the end user's body. As well as a twenty inch tail that can be trimmed to fine tune the slings overall fit and deliver the best performance to the individual. The neck pad dimensions were designed for maximum functional comfort with tapers at both ends to eliminate snag points when slinging the carbine to the end user's back. The padding is covered in a four way stretch Tweave that offers a smooth friction free movement around your neck or across the back of your kit. The four inch pull tab features two center bar tacks that can be removed if the wearer would prefer a thumb loop instead of the pull tab. GBRS removed large metal hardware commonly found in slings and reduced the weight down to 2.7 oz, half the weight of other slings on the market. FEATURES Double or Single point attachment options with correct hardware 40” Adjustable Front End 1” w/single Tri-Glide and Pull Tab 20” Adjustable Back End 1” w/ single Tri-Glide 16" Minimalist Neck Pad tapered w/ Closed Cell Crosslink Padding 4” Double Fold Over Pull Tab Mounting Hardware “QD Attachments” not included

Safety Instruction Guide for the SECOND BEST SLINGS GBRS GROUP SECOND BEST SLING SINGLE/DOUBLE POINT WOLF GRAY

Introduction

Thank you for choosing the GBRS Group Second Best Sling. This safety instruction guide provides essential information for the safe use, installation, and disposal of your sling. Please read this guide carefully to ensure safe operation and compliance with all safety regulations.

General Safety Guidelines

- Ensure the sling is used only for its intended purpose.
- Regularly inspect the sling for signs of wear or damage.
- Do not exceed the weight limit specified by the manufacturer.
- Keep the sling away from sharp objects and extreme temperatures.
- Always store the sling in a dry place when not in use.
- If you notice any defects, discontinue use immediately and contact the manufacturer.

Specific Safety Precautions for Use

- Always ensure that the sling is securely attached to your firearm before use.
- Avoid using the sling in adverse weather conditions that may affect grip or visibility.
- When adjusting the sling, ensure that all components are properly secured after adjustments.
- Be aware of your surroundings and ensure that the sling does not interfere with movement or visibility.
- Keep the sling away from children and unauthorized users.

Instructions for Installation and Usage

1. Installation

- Identify the attachment points on your firearm.
- Attach the sling using the provided hardware, ensuring a secure fit.
- Adjust the length of the sling to fit your body comfortably.
- Ensure the pull tab and neck pad are positioned correctly for optimal comfort.

2. Usage

- When using the sling, ensure that it is adjusted to allow for quick transitions between carry positions.
- Use the pull tab for easy adjustments while in use.
- Practice proper firearm handling techniques while using the sling.
- Regularly check the attachment points during use to ensure they remain secure.

Disposal Instructions

- Dispose of the sling in accordance with local regulations.
- If the sling is damaged beyond repair, consider recycling materials where possible.
- Do not dispose of the sling in regular household waste if it contains hazardous materials.
