

# PMAG® 30 AR 300 B GEN M3"! 300BLK RIFLE MAGAZINE FOR AR-15 - MAGPUL PMAG 30 AR 300 B GEN M3, 300

[Magazines](#) > [Rifle Magazines](#) > [Magazines](#)

The PMAG 30 AR 300 B GEN M3 is a purpose-designed magazine for rifles chambered in 300 Blackout® (300 BLK). Since its inception, 300 BLK shooters have had to use a magazine designed for another cartridge, limiting its ultimate performance and compatibility. One of the key features of 300 BLK is the compatibility with 5.56x45mm parts, but with the magazine, it is a compromise to do so. Due to the wide variety of projectile weights and profiles potentially decreasing overall reliability, a dedicated 300 BLK magazine was a logical step for the PMAG line. In addition to the performance gained by a dedicated mag, the PMAG 30 AR 300 B also offers a safer way to feed your 300 BLK rifle. When using 5.56x45mm mags, the potential to chamber and fire a 300 BLK round in a 5.56x45mm rifle with catastrophic results requires diligent ammunition management by the shooter. The PMAG 30 AR 300 B's distinct rib design and smoother upper-half texture provides the shooter a distinct visual and tactile difference from any other PMAG to mitigate dangerous cross-loading issues. Along with optimized 300 Blackout performance, the PMAG 30 AR 300 B incorporates all of the GEN M3 features such as Magpul's next-generation impact and crush resistant polymer, aggressive front and rear texture, an easily removable slim floor plate, and a paint pen dot matrix for marking and identification. FEATURES Purpose-built magazine only for 300 BLK Dedicated magazine for rifles chambered in 300 BLK that supports the differing geometries found in that caliber. The result is a more reliable magazine Designed with visual & tactile differences - Distinct rib design and smooth upper-half texture provide visual and tactile differentiation from other PMAGs to mitigate dangerous cross-loading issues Incorporates the same features and performance of the Gen M3 line Next-generation impact and crush-resistant polymer, aggressive front and rear texture, easily removable slim floor plate, and a paint pen dot matrix Made in the USA. SPECS Caliber: .300 AAC Blackout Platform: AR15, M4, M16 Capacity: 30 rounds Weight: 5 oz. Length, max: 7.5 in. Compatibility: Wide compatibility with most 'STANAG 4179' platforms such as the AR15/M4, FN SCAR, IWI Tavor, and others NOTE: DOES NOT INCLUDE DUST COVER.

# PMAG® 30 AR 300 B GEN M3 Safety Instruction Guide

## Introduction

Thank you for choosing the PMAG® 30 AR 300 B GEN M3 magazine. This guide provides essential safety information, usage instructions, and disposal guidelines to ensure safe handling and operation of your magazine. Please read this document carefully to understand the safety precautions and recommendations.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the PMAG® 30 AR 300 B GEN M3 by following all instructions and safety guidelines outlined in this document.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to the product. If a recall occurs, follow the instructions provided for returning or exchanging the product.
- **Online Shopping:** When purchasing online, ensure that you are buying from a reputable seller that complies with safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors to prevent accidents.
- **EU Contact Point:** For safety inquiries, consult the relevant EU authorities or consumer protection organizations.
- **Rapid Alerts:** Monitor updates on product safety through the EU's Safety Gate platform for any alerts related to this product.

## Specific Safety Precautions for Use

- **Compatibility:** Ensure that the PMAG® 30 AR 300 B GEN M3 magazine is used only with rifles chambered in .300 AAC Blackout. Using it with other calibers may result in malfunctions or dangerous situations.
- **Ammunition Management:** Always check that the ammunition loaded into the magazine is appropriate for the firearm being used. Mixing ammunition types can lead to severe accidents.
- **Inspection:** Regularly inspect the magazine for any signs of damage or wear. Do not use a damaged magazine, as it may compromise safety and reliability.
- **Loading:** Follow proper loading procedures to avoid overloading the magazine. The PMAG® 30 AR 300 B GEN M3 is designed to hold a maximum of 30 rounds.
- **Storage:** Store the magazine in a cool, dry place away from direct sunlight and moisture to maintain its integrity.

## Instructions for Installation and Usage

### 1. Loading the Magazine:

- Ensure the firearm is pointed in a safe direction and is not loaded.
- Hold the magazine with the feed lips facing upwards.
- Insert the rounds into the magazine, ensuring they are oriented correctly and seated fully.

### 2. Inserting the Magazine:

- Align the magazine with the magazine well of the firearm.
- Push the magazine firmly into place until you hear a click, indicating it is securely locked.

### 3. Removing the Magazine:

- Ensure the firearm is pointed in a safe direction.
- Press the magazine release button on the firearm.
- Pull the magazine downwards and out of the magazine well.

#### **4. Cleaning and Maintenance:**

- Regularly clean the magazine using a soft cloth to remove dirt and debris.
- Avoid using harsh chemicals that may damage the magazine's polymer material.

#### **5. Disposal:**

- When disposing of the magazine, ensure it is emptied of all ammunition.
- Follow local regulations for disposal of polymer materials. Consider recycling options if available.

## **Disposal Instructions**

- Dispose of the PMAG® 30 AR 300 B GEN M3 responsibly. If the magazine is damaged or no longer usable, follow these steps:
  - Ensure the magazine is completely empty.
  - Check local regulations for disposal methods of polymer materials.
  - If recycling options are available, separate the magazine from other waste and recycle according to local guidelines.

## **Contact Information for Further Support**

For any inquiries regarding the PMAG® 30 AR 300 B GEN M3, please consult local authorities or consumer protection organizations for assistance.

Thank you for your attention to these safety guidelines. By following these instructions, you can help ensure a safe and enjoyable experience with your PMAG® 30 AR 300 B GEN M3 magazine.
