SIERRA TIPPED GAMEKING 30 CALIBER (0.308") POLYMER TIPPED BOAT TAIL RIFLE BULLETS Optimal jacket wall thickness controls expansion and retains weight Open pocket under the polymer tip expands lead core instantly on impact Tuned ogive for industry-leading BC Boat tail design for stable flight and accuracy Sierra has enhanced a segment of the MatchKing line by adding the acetal resin tip, thus crowning the Tipped MatchKing (TMK) bullet line. The major advantage of adding a tip to the bullet is the reduction of drag, producing a more favorable ballistic coefficient. The 165 grain Tipped MatchKing (TMK) bullet is an excellent choice for F-Class (F Open) matches, as well as 3-Gun and various other competitions. Due to the ballistic advantage that the tip provides, the 165 Tipped MatchKing (TMK) will stay supersonic at 1,000 yards at normal .308 Winchester velocities, unlike its untipped counterpart. While they are recognized around the world for record-setting accuracy, MatchKing® and Tipped MatchKing® bullets are not recommended for most hunting applications. Although MatchKing® and Tipped MatchKing® bullets are commonly used for varmint hunting, their design will not provide the same reliable explosive expansion at equivalent velocities in varmints compared to their lightly jacketed Hornet, Blitz or Varminter counterparts.

This guide provides essential safety instructions to ensure the safe use of this product in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the bullets.

General Safety Guidelines

- Ensure that you are familiar with local laws and regulations regarding the use of ammunition.
- Always store bullets in a cool, dry place away from direct sunlight and moisture.
- Keep bullets out of reach of children and unauthorized persons.
- Use appropriate personal protective equipment (PPE) such as safety glasses and hearing protection when handling and shooting.
- Regularly inspect your firearms and ammunition for any signs of damage or wear before use.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Handling:**
 - Always treat every bullet as if it is loaded.
 - Do not handle bullets when under the influence of alcohol, drugs, or any substances that may impair your judgment.
- **Loading and Unloading:**
 - Follow the firearm manufacturer's instructions for loading and unloading ammunition.
 - Ensure the firearm is pointed in a safe direction when loading or unloading.
- **Shooting:**
 - Always shoot in a safe environment, ensuring that the area is clear of unauthorized personnel.
 - Use only firearms that are specifically designed for .308 caliber ammunition.
- **Storage:**
 - Store bullets in their original packaging until ready for use.
 - Keep ammunition in a lockable container if necessary for safety.

Instructions for Installation and Usage

- **Installation:**
 - Ensure that your firearm is clean and properly maintained before installing the bullets.
 - Carefully load the bullets into the magazine or chamber as per the firearm's manual.
- **Usage:**
 - When ready to shoot, assume a proper shooting stance and grip the firearm firmly.
 - Aim at your target and ensure that the area behind the target is safe.
 - Pull the trigger smoothly and steadily to fire the bullet.
 - After firing, follow all safety protocols for unloading the firearm.

Disposal Instructions

- Dispose of any unused or damaged bullets according to local regulations.
- Contact your local law enforcement or hazardous waste disposal facility for guidance on safe disposal methods.
