SIERRA TIPPED GAMEKING 30 CALIBER (0.308") POLYMER TIPPED BOAT TAIL RIFLE BULLETS Optimal jacket wall thickness controls expansion and retains weight Open pocket under the polymer tip expands lead core instantly on impact Tuned ogive for industry-leading BC Boat tail design for stable flight and accuracy Sierra has enhanced a segment of the MatchKing line by adding the acetal resin tip, thus crowning the Tipped MatchKing (TMK) bullet line. The major advantage of adding a tip to the bullet is the reduction of drag, producing a more favorable ballistic coefficient. The 165 grain Tipped MatchKing (TMK) bullet is an excellent choice for F-Class (F Open) matches, as well as 3-Gun and various other competitions. Due to the ballistic advantage that the tip provides, the 165 Tipped MatchKing (TMK) will stay supersonic at 1,000 yards at normal .308 Winchester velocities, unlike its untipped counterpart. While they are recognized around the world for record-setting accuracy, MatchKing® and Tipped MatchKing® bullets are not recommended for most hunting applications. Although MatchKing® and Tipped MatchKing® bullets are commonly used for varmint hunting, their design will not provide the same reliable explosive expansion at equivalent velocities in varmints compared to their lightly jacketed Hornet, Blitz or Varminter counterparts.

Introduction

Thank you for choosing the TIPPED GAMEKING 30 CALIBER (0.308") PTBT RIFLE BULLETS by Sierra Bullets. This guide provides essential safety instructions and guidelines to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR). Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure that all users are familiar with firearm safety practices.
- Store ammunition in a cool, dry place away from direct sunlight and moisture.
- Keep ammunition out of reach of children and unauthorized users.
- Regularly check for product recalls and safety updates on the EU Safety Gate platform.
- Report any unsafe products or accidents to local authorities.

Specific Safety Precautions for Use

- Always handle ammunition and firearms with care and respect.
- Wear appropriate eye and ear protection when shooting.
- Do not exceed the manufacturer's recommended load specifications.
- Inspect the ammunition before use for any signs of damage or defects.
- Use only in firearms that are specifically chambered for .308 caliber ammunition.
- Do not use this ammunition for any purpose other than its intended use.

Instructions for Installation and Usage

- Ensure that your firearm is unloaded before loading ammunition.
- Load the TIPPED GAMEKING bullets according to the firearm manufacturer's instructions.
- Follow these steps for safe usage:
 1. Check that the firearm is in good working condition.
 2. Load the ammunition into the magazine or chamber as per the manufacturer's guidelines.
 3. Ensure that the safety is engaged until you are ready to fire.
 4. Aim only at safe targets and be aware of your surroundings.
 5. After firing, keep the firearm pointed in a safe direction until ready to unload.
 6. Unload the firearm and store it safely after use.

Disposal Instructions

- Dispose of unused or expired ammunition in accordance with local regulations.
- Do not throw ammunition in regular trash. Contact local waste management authorities for proper disposal methods.
- Ensure all spent casings and packaging materials are disposed of safely to prevent accidents.

Contact Information for Further Support
