

AR.308 BOLT CARRIER - J P ENTERPRISES AR .308 BOLT CARRIER, CARRIER ONLY

[Rifle Parts](#) > [Bolt Parts](#) > [Bolt Carrier Parts](#) > [Bolt Carriers](#)

The JP Enterprises full mass .308 carrier is designed to provide greater reliability in suppressed setups as well as SBRs and rifles without an adjustable gas system. Heavier than a standard DPMS LR-308 carrier, the JPBC-5 allows for the additional cycling delay required for reliable function in such setups. This design incorporates forward assist serrations, making it compatible with both DPMS and Armalite rifles. Each carrier also includes out Enhanced Gas Ring for more reliable function. Requires DPMS-pattern bolt, firing pin and cam pin. For a complete operating system, this carrier pairs best with the JPSCS-10H. Weight: 15.31 oz. with key installed.

Safety Instruction Guide for AR.308 BOLT CARRIER by J P Enterprises

Introduction

Thank you for choosing the AR.308 BOLT CARRIER by J P Enterprises. This product is designed to enhance the reliability of your firearm, particularly in suppressed setups and rifles without adjustable gas systems. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that you are familiar with the operation and safety features of your firearm before using the AR.308 BOLT CARRIER.
- Always treat every firearm as if it is loaded.
- Keep firearms pointed in a safe direction at all times.
- Store firearms and ammunition securely, out of reach of children and unauthorized users.
- Use appropriate eye and ear protection when shooting.
- Regularly inspect your firearm and its components for wear and damage.
- Always ensure that the firearm is unloaded when installing or removing components.

Specific Safety Precautions for Use

- The AR.308 BOLT CARRIER is designed for use with DPMSpattern bolts, firing pins, and cam pins. Ensure compatibility before installation.
- This product is heavier than standard carriers; be aware of the potential impact on the cycling of your firearm.
- The carrier includes forward assist serrations; use these features cautiously to prevent accidental damage to the firearm.
- Ensure that the Enhanced Gas Ring is properly installed to avoid malfunctions.
- Do not use the carrier with ammunition or components that exceed the manufacturer's specifications.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove the existing bolt carrier group from the upper receiver.
- Install the AR.308 BOLT CARRIER by aligning it with the upper receiver and ensuring it fits securely.
- Insert the DPMSpattern bolt, firing pin, and cam pin into the carrier as per the manufacturer's instructions.
- Doublecheck that all components are installed correctly before proceeding.

2. Usage:

- Load the firearm only when ready to shoot.
- Fire the firearm in a safe environment, ensuring that you are aware of your surroundings.
- After firing, inspect the carrier and other components for any signs of wear or damage.
- If any issues arise during operation, cease use immediately and consult a qualified gunsmith.

Disposal Instructions

- Dispose of the AR.308 BOLT CARRIER in accordance with local regulations.
- Do not dispose of the product in regular household waste.

- Contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the manufacturer's contact information provided with the product packaging.

By adhering to these safety guidelines and instructions, you will enhance your experience with the AR.308 BOLT CARRIER while ensuring the safety of yourself and those around you. Thank you for your attention to safety.
