

1911 XACT FIT BARREL - KART PRECISION BARREL 5" BARREL, 9MM FITS N/R

[Handgun Parts](#) > [Barrel Parts](#) > [Barrels](#)

Achieve A Match Quality Barrel Installation Using Only Hand Tools

Install a precision quality barrel using just four small hand tools. The only fitting required is to adjust lockup with the two raised pads located on either side of the rear locking groove, cut the barrel hood to correct length and fit the bushing to the slide. A national match bushing is pre-fit to the barrel; has oversize O.D. for precise fitting to slide. Bottom lugs are fully finished and the correct length link installed to save hours of work.

Safety Instruction Guide for 1911 XACT FIT BARREL KART PRECISION BARREL

Introduction

Thank you for choosing the 1911 XACT FIT BARREL KART PRECISION BARREL. This guide provides essential safety instructions and installation guidelines to ensure the safe and effective use of your new barrel. Please read this guide carefully before installation and use.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in this manual.
- Always handle firearms and firearm components with care and respect.
- Keep the barrel and all firearm components out of reach of children and unauthorized users.
- Inspect the barrel and firearm for any damage before use. Do not use if damaged.
- Follow all local laws and regulations regarding firearm modifications and usage.
- Report any unsafe products or accidents to local authorities or relevant safety organizations.

Specific Safety Precautions for Use

- Only use the barrel with compatible 1911 Government models.
- Ensure that the barrel is properly fitted and secured before use.
- Do not attempt to modify the barrel or firearm beyond the guidelines provided in this manual.
- Use appropriate protective gear, such as safety glasses and hearing protection, when testing the firearm.
- If you are inexperienced with firearm modifications, seek assistance from a qualified gunsmith.

Instructions for Installation and Usage

1. Gather Required Tools

- Four small hand tools are required for installation. Ensure you have the necessary tools before beginning.

2. Installation Steps

- **Adjust Lockup:** Use the two raised pads located on either side of the rear locking groove to adjust the lockup.
- **Cut Barrel Hood:** Trim the barrel hood to the correct length as specified in the installation instructions.
- **Fit the Bushing:** Fit the prefitted national match bushing to the slide. The bushing has an oversized O.D. for precise fitting.
- **Check Bottom Lugs:** Ensure that the bottom lugs are fully finished and that the correct length link is installed to save time on modifications.

3. Final Inspection

- After installation, conduct a thorough inspection to ensure that all components are properly fitted and secured.
- Test the firearm in a safe and controlled environment to confirm functionality before regular use.

Disposal Instructions

- Dispose of any packaging materials and unused components in accordance with local regulations.
- If the barrel is deemed unsafe or nonfunctional, contact a qualified gunsmith for safe disposal.

Contact Information for Further Support

For any questions or concerns regarding the installation and use of the 1911 XACT FIT BARREL KART PRECISION BARREL, please refer to your local firearm expert or gunsmith for assistance.

Thank you for your attention to these safety guidelines. Enjoy your new barrel and always prioritize safety when handling firearms.
