

CU+2 COPPER REMOVER - BORE TECH 4 OZ. CU+2 COPPER REMOVER

[Gun Cleaning & Chemicals](#) > [Solvents & Degreasers](#) > [Bore Solvents](#)

Sophisticated Solvents That Take The Chore Out Of Bore Cleaning

Environmentally safe, ammonia-free formula works fast to breakdown and dissolve all traces of copper fouling caused by high-velocity, jacketed bullets commonly used in hunting and competition guns. Contains an enhanced binding agent that acts like a magnet to attract the dissolved copper, keeping it from re-depositing and allowing complete removal. Repeated use conditions the bore to help prevent future copper buildup, plus works like a rust preventative to shield and protect the metal from corrosion. Non-hazardous, biodegradable, odorless, and petroleum free. Safe to use on steel, stainless steel, and lined barrels.

Attributes

- Name: [BORE TECH 4 OZ. CU+2 COPPER REMOVER](#)
- Manufacturer: [BORE TECH](#)
- Product no.: 509000028
- Mfr. No.: BTCU-26004

Safety Instruction Guide for CU+2 Copper Remover Bore Tech 4 oz.

Introduction

Thank you for choosing CU+2 Copper Remover by Bore Tech. This product is designed to effectively remove copper fouling from firearms while being environmentally safe and easy to use. This guide provides essential safety instructions to ensure the safe and effective usage of this product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that the product is kept out of reach of children and vulnerable individuals.
- Always read and follow the label instructions before use.
- Use the product in a wellventilated area to minimize inhalation exposure.
- Avoid contact with skin and eyes. In case of contact, rinse thoroughly with water.
- Do not ingest the product. If swallowed, seek medical attention immediately.
- Store the product in its original container, tightly closed, and in a cool, dry place.
- Dispose of any unused product according to local regulations.

Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE) such as gloves and safety goggles when handling the product.
- Do not mix this product with other chemicals or cleaning agents, as it may cause harmful reactions.
- Avoid using the product near open flames or heat sources, as it is flammable.
- If you experience any adverse reactions such as dizziness, nausea, or skin irritation, discontinue use immediately and seek medical advice.
- Ensure that the product does not come into contact with sensitive surfaces, as it may cause damage.

Instructions for Installation and Usage

1. Preparation

- Ensure that the firearm is unloaded and in a safe condition before applying the product.
- Work in a wellventilated area to ensure proper air circulation.

2. Application

- Shake the bottle gently before use to ensure proper mixing of the formula.
- Apply a sufficient amount of CU+2 Copper Remover onto a clean patch or cloth.
- Insert the patch into the bore of the firearm and allow the product to sit for a few minutes to penetrate the copper fouling.

3. Cleaning

- After the product has had time to work, use a clean patch to wipe out the bore, removing the dissolved copper fouling.
- Repeat the application if necessary until the bore is clean.
- After cleaning, run dry patches through the bore to remove any residual product.

4. PostUse Care

- Clean any tools or equipment used during the application with soap and water.
- Store the product in a secure location, away from children and pets.

Disposal Instructions

- Dispose of any leftover product and used cleaning patches according to local hazardous waste regulations.
- Do not pour the product down the drain or dispose of it in regular household waste.
- Check with local waste management authorities for proper disposal guidelines.

Contact Information for Further Support

For any questions or concerns regarding the use of CU+2 Copper Remover, please refer to the product packaging for the manufacturer's contact information or consult a local firearms expert.

By following these safety instructions, you can ensure a safe and effective experience with CU+2 Copper Remover. Thank you for prioritizing safety and responsible usage.
