# LASER BORESIGHTER 3006 Safety Instruction Guide

## Introduction

Thank you for choosing the LASER BORESIGHTER 3006. This guide provides essential safety instructions and usage information to ensure a safe and effective experience. Please read this guide carefully before using the product.

## General Safety Guidelines

- Always treat the laser as if it is active, even when not in use, to prevent accidental exposure.
- Keep the laser out of reach of children and unauthorized users.
- Do not point the laser at any person or reflective surfaces to avoid eye injury.
- Ensure the product is used in a welllit environment to minimize risks.
- Regularly check the condition of the laser and its components for any signs of damage or wear.
- Follow all local laws and regulations regarding the use of laser devices.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- The laser emits a bright red light that can cause eye damage if viewed directly.
- Improper use may lead to misalignment of firearms, resulting in dangerous situations.

- **Avoiding Hazards:**

- Always use safety glasses when operating the laser in environments where there is a risk of exposure.
- Ensure the firearm is unloaded before installing the boresighter.
- Never use the laser boresighter while the firearm is pointed at yourself or others.

- **AgeSpecific Warnings:**

- This product is not intended for use by individuals under the age of 18 without adult supervision.

## Instructions for Installation and Usage

- **Installation:**

1. Ensure the firearm is unloaded and the safety is engaged.
2. Insert the laser boresighter into the chamber of the firearm as per the manufacturer's instructions.
3. Secure the boresighter in place, ensuring it is properly aligned.

- **Usage:**

1. Turn on the laser boresighter by activating the switch.
2. Aim the firearm at a target located within the sighting range (15100 yards).
3. Adjust the firearm's sights or scope to align with the laser dot.
4. Once adjustments are made, turn off the laser and remove the boresighter from the chamber.

- **PostUse:**

- Always store the laser boresighter in a safe place, away from children and unauthorized users.
- Dispose of batteries and the laser boresighter responsibly according to local regulations.

## **Disposal Instructions**

- Dispose of the laser boresighter and its batteries in accordance with local electronic waste disposal guidelines.
- Do not dispose of the product in regular household waste.
- Contact your local waste management authority for specific disposal instructions.

## **Contact Information for Further Support**

For any inquiries regarding the safety and use of the LASER BORESIGHTER 3006, please refer to the manufacturer's official website or customer service channels. Always ensure to keep updated with any product recalls or safety notices through the EU Safety Gate platform.

Thank you for your attention to these safety instructions. Your safety is our priority.
