Safety Instruction Guide for 45ACP S/S 1911 PREFIT MATCH GRADE BARREL 5" NONRAMPED NOWLIN .45 ACP

Introduction

Thank you for choosing the Nowlin .45 ACP NonRamped Match Grade Barrel for your 1911 Auto. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this document carefully before installation and use.

General Safety Guidelines

- Ensure the barrel is suitable for your specific 1911 model (Government).
- Always handle firearms with care and follow all established safety protocols.
- Store the barrel and all firearm components in a secure location, away from children and unauthorized users.
- Inspect the barrel for any damage or defects before installation.
- Use only factory standard components as specified in this guide.
- Be aware of the legal requirements regarding firearm modifications in your jurisdiction.

Specific Safety Precautions for Use

- Always wear safety glasses when working with firearms to protect your eyes from potential debris.
- Ensure the firearm is unloaded before starting any installation or maintenance work.
- Do not attempt to modify the barrel or any other firearm components beyond the recommended specifications.
- If you are uncertain about any installation steps, seek assistance from a qualified gunsmith.
- Be mindful of your surroundings when using the firearm to prevent accidental discharge or injury.

Instructions for Installation and Usage

1. Preparation

- Gather all necessary tools and components, including the barrel kit, stainless steel bushing, barrel link, and pin.
- Ensure your workspace is clean and well lit.

2. Installation Steps

- **Remove the Existing Barrel:**
 - Unload the firearm and ensure it is safe to handle.
 - Disassemble the 1911 Auto according to the manufacturer's instructions.
- **Install the New Barrel:**
 - Place the prefitted barrel into the slide of the firearm.
 - Align the hood, top lugs, and bottom feet for a snug fit.
 - Insert the provided barrel link and pin as per the instructions included in the barrel kit.
- **Check Alignment:**
 - Ensure that the barrel is properly aligned and secured.
 - Perform a visual inspection to confirm that all components are correctly installed.

3. Final Checks

- Once installation is complete, reassemble the firearm.
- Conduct a function check to ensure the firearm operates correctly with the new barrel.
- If any issues arise during the function check, disassemble the firearm and inspect the installation.

Disposal Instructions

- Dispose of any packaging materials, old barrel components, or other waste in accordance with local regulations.
- Ensure that all firearm components are disposed of safely and securely to prevent unauthorized access.

Contact Information for Further Support

For any inquiries regarding the safety and use of the Nowlin .45 ACP NonRamped Match Grade Barrel, please refer to the manufacturer's contact details provided with your product packaging. You may also check the EU Safety Gate platform for updates on product safety and recalls.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe installation and usage of your Nowlin .45 ACP NonRamped Match Grade Barrel. Always prioritize safety and seek professional assistance if needed. Thank you for your attention to these important safety measures.
