

SAF-T-TRAINERS DUMMY ROUNDS - PRECISION GUN SPECIALTIES

9MM LUGER ORANGE DUMMY ROUNDS 50/PACK

[Gunsmith Tools](#) > [General Gunsmith Tools](#) > [Cartridge Dummies](#)

Brightly Colored "Dummies" For Training Exercises

Brightly colored plastic and a different "feel" makes sure you won't confuse these for live rounds. Popular with many departments and agencies for use in Immediate Action training for just that reason. These do not duplicate weight and balance of loaded rounds or function-testing dummies.

SAFTTRAINERS DUMMY ROUNDS SAFETY INSTRUCTION GUIDE

Introduction

Welcome to the SAFTTRAINERS Dummy Rounds Safety Instruction Guide. This guide provides essential safety information to ensure the safe use of these products. SAFTTRAINERS Dummy Rounds are designed for training purposes and should not be confused with live ammunition. Please read this guide carefully to understand how to use these products safely and effectively.

General Safety Guidelines

- Always treat all dummy rounds as if they are live ammunition.
- Store dummy rounds in a secure location, away from children and unauthorized users.
- Inspect dummy rounds for damage before use. Do not use any rounds that appear worn or compromised.
- Use dummy rounds only in appropriate training environments and with proper supervision.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that all participants in training exercises understand the difference between dummy rounds and live ammunition.
- Do not use dummy rounds in firearms that are not designed for their specific caliber.
- Do not attempt to modify or disassemble dummy rounds.
- Use dummy rounds only during supervised training sessions.
- Keep dummy rounds separate from live ammunition at all times.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the firearm is unloaded and in a safe condition before inserting any dummy rounds.
- Familiarize yourself with the firearm's operation manual.

2. Loading Dummy Rounds:

- Open the firearm's action and insert the dummy rounds into the magazine or chamber as per the manufacturer's instructions.
- Ensure that the dummy rounds are seated properly.

3. Conducting Training:

- Use dummy rounds for drills that do not require live fire.
- Practice safe handling and operational procedures as you would with live ammunition.
- Always maintain a safe direction when handling firearms, even with dummy rounds.

4. PostTraining:

- After training, remove all dummy rounds from the firearm.
- Store dummy rounds safely and securely.

Disposal Instructions

- Dispose of any damaged or worn dummy rounds in accordance with local regulations.
- Do not throw dummy rounds in regular trash. Contact local waste management for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the SAFTTRAINERS Dummy Rounds, please reach out to your retailer or the manufacturer directly for assistance. Always ensure that you are following up to date safety guidelines and product information.

By following these safety instructions, you help ensure a safe training environment for all users of SAFTTRAINERS Dummy Rounds. Thank you for your attention to safety and responsible usage.
