

# Sinclair Nylon Pistol Brushes - SINCLAIR INTERNATIONAL NYLON PISTOL BORE BRUSH, 44/45 CALIBER, 8-32M

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

Sinclair bronze and nylon bore brushes are manufactured significantly larger than bore diameter to fit your barrel properly and have a closed loop on the end. Many other brushes are undersized and don't do an adequate job of scrubbing the barrel. Our nylon bore brushes have extremely stiff, heavy bristles which provide excellent scrubbing action in your rifles bore. Ammonia and oil based cleaners will not "eat" or dissolve these bristles as they do bronze brushes. The nylon pistol brushes are about 1" shorter than the rifle brushes. Brushes except 17 caliber and 20 caliber are standard 8-32 male thread.

## Attributes

- Name: [SINCLAIR INTERNATIONAL NYLON PISTOL BORE BRUSH, 44/45 CALIBER, 8-32M](#)

# Sinclair Nylon Pistol Brushes Safety Instructions

## Introduction

Thank you for choosing the Sinclair Nylon Pistol Brushes. These brushes are designed for effective cleaning of your firearms while ensuring safety during use. This guide provides essential safety instructions to help you use the product correctly and safely.

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the brushes are used only for their intended purpose.
- Keep the brushes out of reach of children and vulnerable individuals.
- Inspect the brushes before each use for any signs of damage or wear.
- Use the brushes in a wellventilated area to avoid inhaling any cleaning agents.
- Store the brushes in a safe and dry place after use.

## Specific Safety Precautions for Use

- Do not use the brushes with excessive force, as this may damage the barrel or the brush.
- Avoid using the brushes with cleaners that are not compatible with nylon materials.
- Always wear safety goggles when cleaning firearms to protect your eyes from debris.
- Use gloves if you are sensitive to cleaning agents or if you are using chemicals.
- Ensure that the firearm is unloaded and pointed in a safe direction before cleaning.
- Do not leave cleaning agents unattended, and follow the manufacturer's instructions for use.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that your firearm is completely unloaded and in a safe position.
- Gather all necessary cleaning supplies, including your Sinclair Nylon Pistol Brushes and appropriate cleaning agents.

### 2. Using the Brush:

- Select the appropriate caliber brush for your firearm (44 Caliber or 45 Caliber).
- Attach the brush to a cleaning rod with an 832 male thread.
- Apply a suitable cleaning agent to the brush or directly into the barrel.

### 3. Cleaning Process:

- Insert the brush into the barrel and move it back and forth gently to scrub the bore.
- Do not force the brush through the barrel; allow the bristles to do the work.
- Repeat the process as necessary, depending on the level of fouling in the bore.

### 4. PostCleaning:

- After cleaning, remove the brush and clean the barrel with a dry patch to remove any remaining cleaning agent.
- Inspect the brush for wear and replace it if necessary.
- Store the brushes in a safe place, away from children and pets.

## **Disposal Instructions**

- Dispose of any worn or damaged brushes in accordance with local regulations.
- Do not dispose of cleaning agents in the household waste; follow local guidelines for hazardous waste disposal.
- Recycle packaging materials whenever possible.

## **Contact Information for Further Support**

For any inquiries regarding safety or usage of the Sinclair Nylon Pistol Brushes, please contact the manufacturer or your local distributor for assistance.

Thank you for your attention to these safety instructions. Your safety and the safe operation of your firearms are our top priority.
