

# SOLVENT BOTTLES - SINCLAIR INTERNATIONAL SOLVENT BOTTLES BARRIER TYPE, 4OZ

[Gun Cleaning & Chemicals](#) > [Solvents & Degreasers](#) > [Bore Solvents](#)

Our plastic solvent bottles are invaluable for the storage and application of your cleaning solvents. Each of our two bottles comes with an applicator flip-snout cap and a solid cap for storage. The Sinclair Tall Solvent bottle is high-density polypropylene which we have fluorinated to resist even the strongest ammonia and oil based products. The bottle measures 5" tall x 1-5/8" in diameter and holds 4-ozs. of solvent. Our Sinclair Short Solvent bottle is also high-density polypropylene but it is not fluorinated. Many shooters prefer it for their cleaning boxes because of its lower 4" tall x 2" in diameter profile, this bottle also holds 4 oz. of solvent.

# Safety Instructions for Sinclair International Solvent Bottles

## Introduction

Thank you for choosing the Sinclair International Solvent Bottles. These bottles are designed for the safe storage and application of cleaning solvents. This guide provides essential safety instructions to ensure your safety and the proper use of these products in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always keep solvent bottles out of reach of children and vulnerable individuals.
- Use the bottles only for their intended purpose: storing and applying cleaning solvents.
- Avoid exposure to extreme temperatures and direct sunlight.
- Inspect the bottles regularly for any signs of damage or wear.
- Do not use the bottles for food or beverages.
- In case of leaks or spills, clean immediately and dispose of materials safely.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - The contents of the bottles may be flammable or harmful if ingested or inhaled.
  - Avoid contact with skin and eyes; use protective gloves and eyewear if necessary.
- **Avoiding Hazards:**
  - Ensure proper ventilation when using solvents.
  - Do not smoke or use open flames near the bottles.
  - Store bottles in a cool, dry place away from incompatible materials.
- **Age Specific Warnings:**
  - These bottles are not intended for use by children. Always supervise use around minors.

## Instructions for Installation and Usage

- **Before Use:**
  - Check that the bottle is clean and free from any previous contents.
  - Ensure that the cap is securely fastened before storage.
- **Filling the Bottle:**
  - Use a funnel to fill the bottle with the solvent to avoid spills.
  - Do not overfill; leave some space at the top to allow for expansion.
- **Using the Applicator Cap:**
  - Remove the solid cap and replace it with the applicator flapsnout cap.
  - To dispense the solvent, gently squeeze the bottle.
  - After use, replace the solid cap to prevent evaporation and spills.

- **Cleaning and Maintenance:**

- Clean the exterior of the bottle regularly to maintain its condition.
- If the bottle becomes damaged or shows signs of wear, discontinue use immediately.

## **Disposal Instructions**

- Dispose of empty solvent bottles in accordance with local regulations for hazardous waste.
- Do not throw bottles in regular household waste.
- Ensure that any remaining solvent is disposed of safely and responsibly.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the Sinclair International Solvent Bottles, please refer to the product packaging or visit our website for additional support and information.

Thank you for prioritizing safety while using our products!
