

PARKER HALE STYLE JAGS - DEWEY 6MM PARKER HALE JAG (FEMALE THREAD)

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Jags](#)

These jags are wrap style jags with a blunt nose. Jags grip patches tightly. Great for use with J-B or when applying solvent such as Sweet's. Parker Hale style jags are available with male or female threads. Male or Female threads match standard threads for the bore diameter selected. Female style mate with Dewey coated rods. Male style mate with Dewey stainless and other brands with standard cleaning rod threads.

Safety Instruction Guide for PARKER HALE STYLE JAGS DEWEY 6MM PARKER HALE JAG (FEMALE THREAD)

Introduction

Thank you for choosing the Parker Hale Style Jags Dewey 6mm Parker Hale Jag (Female Thread). This product is designed for effective cleaning of firearms and should be used with care to ensure your safety and the safety of others. This guide provides essential safety instructions and guidelines for the safe use of this product in compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand the instructions before using the product.
- Ensure that the product is suitable for the firearm caliber you are using (e.g., 243 Caliber, 6mm).
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the jag for any signs of damage or wear before each use.
- Use the product only for its intended purpose, which is to clean firearms.
- Follow all local laws and regulations regarding firearm maintenance and cleaning.
- Report any unsafe products or accidents to the relevant authorities.
- Stay informed about recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before using the jag.
- Use protective eyewear when cleaning firearms to prevent injury from debris.
- Avoid using excessive force when pushing the jag through the bore to prevent damage to the firearm.
- Do not use the jag with incompatible cleaning rods; ensure compatibility with Dewey coated rods for female threads.
- When applying solvents, work in a wellventilated area to avoid inhaling fumes.
- Dispose of cleaning patches and solvents according to local regulations to minimize environmental impact.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is completely unloaded.
- Gather all necessary cleaning supplies, including the jag, cleaning rod, patches, and solvent.

2. Installation:

- If using a Dewey coated rod, attach the femalethreaded jag securely to the rod.
- Ensure the connection is tight to prevent detachment during use.

3. Using the Jag:

- Insert a cleaning patch into the jag.
- Apply an appropriate amount of cleaning solvent to the patch.
- Gently insert the jag into the bore of the firearm.
- Push the jag through the bore from the chamber to the muzzle, using a smooth and steady motion.
- Remove the jag and patch from the bore once cleaning is complete.

4. PostUse:

- After cleaning, inspect the jag for any signs of wear or damage.
- Clean the jag and rod according to the manufacturer's recommendations.
- Store the jag in a safe and dry location, away from children.

Disposal Instructions

- Dispose of any used cleaning patches, solvents, and other materials according to local waste disposal regulations.
- Do not dispose of solvents in regular household waste or down the drain.
- Follow any specific disposal instructions provided by the solvent manufacturer.

Contact Information for Further Support

For any inquiries or further assistance regarding the PARKER HALE STYLE JAGS DEWEY 6MM PARKER HALE JAG (FEMALE THREAD), please refer to the product packaging or visit the manufacturer's website for additional resources and support.

By following these safety instructions, you can ensure a safe and effective cleaning experience with your Parker Hale Jag. Thank you for your attention to safety and responsible firearm maintenance.
