

SINCLAIR STAINLESS STEEL PILOTS - SINCLAIR INTERNATIONAL PILOT STOP, STAINLESS STEEL, 41 CALIBER

[Reloading](#) > [Case Preparation](#) > [Flash Hole Tool Pilots](#)

We manufacture pilots for our flash hole tool and our Neck Thickness/Variance Gauge. Our pilots are precision machined from stainless steel on CNC turning centers to properly fit new, unfired case necks. Available for rifle and pistol cartridges from 22 thru 45 caliber. Not for use on .50 BMG. 50 BMG flash hole diameter is larger.

Safety Instruction Guide for SINCLAIR Stainless Steel Pilots

Introduction

Thank you for choosing the SINCLAIR Stainless Steel Pilots. This product is designed for use with the flash hole tool and the Neck Thickness/Variance Gauge. To ensure safe and effective use, please read and understand the following safety guidelines and instructions.

General Safety Guidelines

- Always ensure that the product is used in accordance with the manufacturer's instructions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product before each use for any signs of damage or wear.
- Do not use the product if it is damaged or malfunctioning.
- Report any unsafe products or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Use only with compatible rifle and pistol cartridges from .22 to .45 caliber.
- Do not use the pilots with .50 BMG cartridges, as the flash hole diameter is larger and may cause safety issues.
- Wear appropriate safety gear, including safety glasses, when using the product.
- Ensure that the workspace is clean and free from obstructions before starting any work.
- Follow all safety protocols related to the handling of ammunition and reloading tools.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and equipment, including the flash hole tool and the Neck Thickness/Variance Gauge.
- Ensure that your workspace is welllit and organized.

2. Installation:

- Carefully insert the SINCLAIR Stainless Steel Pilot into the flash hole tool.
- Ensure that it is securely fitted and properly aligned.

3. Usage:

- When using the pilot, apply gentle and even pressure to avoid damaging the neck of the case.
- Always monitor the condition of the pilot during use, and replace if any wear or damage is observed.
- Follow the specific instructions for your flash hole tool and Neck Thickness/Variance Gauge to ensure correct operation.

4. PostUse Care:

- After use, clean the pilot and store it in a safe, dry place.
- Avoid exposing the product to moisture or extreme temperatures.

Disposal Instructions

- Dispose of any damaged or worn parts in accordance with local regulations.
- Do not dispose of the product in regular household waste. Instead, follow your local guidelines for the disposal of metal products.

Contact Information for Further Support

For further inquiries or assistance regarding the SINCLAIR Stainless Steel Pilots, please refer to the manufacturer's contact details provided on the product packaging or the official website.

By adhering to these safety guidelines and instructions, you can ensure a safe and effective experience with your SINCLAIR Stainless Steel Pilots. Thank you for your attention to safety.
