

SINCLAIR STAINLESS STEEL PILOTS - SINCLAIR INTERNATIONAL PILOT STOP, STAINLESS STEEL, 35 CALIBER

[Reloading](#) > [Case Preparation](#) > [Flash Hole Tool Pilots](#)

We manufacture pilots for our flash hole tool and our Neck Thickness/Variance Gauge. Our pilots are precision machined from stainless steel on CNC turning centers to properly fit new, unfired case necks. Available for rifle and pistol cartridges from 22 thru 45 caliber. Not for use on .50 BMG. 50 BMG flash hole diameter is larger.

Safety Instruction Guide for SINCLAIR STAINLESS STEEL PILOTS

Introduction

Thank you for choosing the Sinclair Stainless Steel Pilots. This guide provides essential safety instructions and information to ensure the safe use of the product. Please read this guide carefully before using the product to avoid any hazards.

General Safety Guidelines

- Ensure that all safety instructions are followed to prevent accidents or injuries.
- Use the product only for its intended purpose as described in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly check for any signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using the pilots.
- Do not use the pilots with .50 BMG cartridges, as the flash hole diameter is larger and may cause safety issues.
- Ensure that the pilots are compatible with the specific caliber of the cartridge you are using (from 22 to 45 caliber).
- Handle the pilots with care to avoid injury from sharp edges.
- Do not modify the pilots in any way, as this may compromise their safety and effectiveness.

Instructions for Installation and Usage

1. Preparation:

- Ensure that you are working in a clean, dry, and welllit environment.
- Gather all necessary tools and materials before starting.

2. Installation:

- Insert the pilot into the flash hole tool or Neck Thickness/Variance Gauge according to the manufacturer's instructions.
- Ensure that the pilot is securely fitted and does not wobble.

3. Usage:

- Use the pilot only with new, unfired case necks to ensure proper fit and function.
- Follow the specific instructions for the tool you are using to avoid damaging the pilot or the cartridge.
- After use, clean the pilots to remove any debris or residue.

4. Storage:

- Store the pilots in a dry and safe place, away from children and pets.
- Keep the pilots in their original packaging to prevent damage.

Disposal Instructions

- Dispose of any damaged or worn pilots in accordance with local regulations.
- Do not dispose of the pilots in regular household waste.
- Check for any recycling options in your area for metal products.

Contact Information for Further Support

For any safety inquiries or further support, please refer to the product packaging or visit the manufacturer's website for additional resources.

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your Sinclair Stainless Steel Pilots. Thank you for your attention to safety.
