

# SINCLAIR STAINLESS STEEL PILOTS - SINCLAIR INTERNATIONAL PILOT STOP, STAINLESS STEEL, 8MM

[Reloading](#) > [Case Preparation](#) > [Flash Hole Tool Pilots](#)

We manufacture pilots for our flash hole tool and our Neck Thickness/Variance Gauge. Our pilots are precision machined from stainless steel on CNC turning centers to properly fit new, unfired case necks. Available for rifle and pistol cartridges from 22 thru 45 caliber. Not for use on .50 BMG. 50 BMG flash hole diameter is larger.

## Attributes

- Name: [SINCLAIR INTERNATIONAL PILOT STOP, STAINLESS STEEL, 8MM](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749000984
- Mfr. No.: X6323
- Caliber: 8 mm (.323)
- Delivery weight: 0.005kg
- Shipping height: 1mm
- Shipping width: 89mm
- Shipping length: 89mm

# Safety Instruction Guide for SINCLAIR STAINLESS STEEL PILOTS

## Introduction

Thank you for choosing the SINCLAIR STAINLESS STEEL PILOTS. This guide provides essential safety information and instructions for the safe use of our product. Please read this guide carefully to ensure proper handling and operation.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose: as pilots for flash hole tools and neck thickness/variance gauges.
- Always handle the pilots with care to avoid injury or damage.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay updated on recall notices and safety information via the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when using the product.
- Do not use the pilots with .50 BMG cases, as the flash hole diameter is larger and may cause malfunction.
- Ensure that the pilots are properly fitted to the case necks before use to avoid accidents.
- Avoid using damaged or worn pilots, as they may pose a safety risk.
- Follow all manufacturer instructions regarding the use of the flash hole tool and neck thickness/variance gauge.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials.
- Ensure that your workspace is clean and welllit.

### 2. Installation:

- Select the appropriate pilot size for your specific caliber (8 mm / .323).
- Insert the pilot into the designated tool, ensuring a snug fit.
- Verify that the pilot is securely in place before proceeding.

### 3. Usage:

- Position the tool as instructed in the manufacturer's guidelines.
- Apply consistent pressure while using the tool to ensure accurate results.
- After use, remove the pilot carefully to avoid injury.

### 4. PostUsage Care:

- Clean the pilots after each use to maintain their condition.
- Store the pilots in a safe, dry place away from direct sunlight.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations for metal waste.
- Do not dispose of the product in regular household waste.
- Consider recycling the product if possible to minimize environmental impact.

## **Contact Information for Further Support**

For any queries or concerns regarding the SINCLAIR STAINLESS STEEL PILOTS, please refer to the contact information provided by the retailer or manufacturer. Ensure that you have the product details at hand for efficient assistance.

This safety instruction guide is designed to help you use the SINCLAIR STAINLESS STEEL PILOTS safely and effectively. Your safety is our priority, and we encourage you to follow these guidelines closely. Thank you for your attention and safe usage!
