# Safety Instruction Guide for BUSHING BUMP NECK SIZING BUSHINGS .224 DIAMETER

## Introduction

Thank you for choosing the BUSHING BUMP NECK SIZING BUSHINGS .224 DIAMETER by Forster Products, Inc. This guide provides important safety instructions and usage guidelines to ensure your safety and the proper functioning of the product. Please read this document carefully before use.

## General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always inspect the bushing for any signs of damage before use. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe product incidents or accidents to the relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use the Forster neck sizing bushings only with Forster Precision Plus Bushing Bump Dies.
- Do not attempt to interchange these bushings with other brands, as this may lead to improper functioning or safety hazards.
- Handle the bushings with care to avoid injury from sharp edges.
- Ensure that your workspace is clean and free of obstructions while using the bushings.
- Wear appropriate personal protective equipment (PPE), such as safety glasses, when using the product.

## Instructions for Installation and Usage

### • Installation:

1. Ensure that your workspace is clean and organized.
2. Select the appropriate Forster Precision Plus Bushing Bump Die for your bushing.
3. Carefully insert the bushing into the die, ensuring a snug fit.
4. Tighten any locking mechanisms as specified in the die's instructions.

### • Usage:

1. Before starting, ensure that the bushing is properly installed and secure.
2. Follow the instructions provided with the Forster Precision Plus Bushing Bump Die for operation.
3. After use, carefully remove the bushing from the die and inspect for wear or damage.
4. Clean the bushing according to the manufacturer's recommendations to maintain its longevity.

## Disposal Instructions

- Dispose of the bushing in accordance with local regulations for metal products.
- Do not dispose of in regular household waste if the product is damaged or contains hazardous materials.
- Consider recycling the bushing if it is no longer usable.
