Safety Instruction Guide for BUSHING BUMP NECK SIZING BUSHINGS

Introduction

Thank you for choosing the BUSHING BUMP NECK SIZING BUSHINGS. This product is designed for use with Forster Precision Plus Bushing Bump Dies. To ensure your safety and the proper functioning of the product, please read this safety instruction guide carefully.

General Safety Guidelines

- Ensure that the product is used only with Forster Precision Plus Bushing Bump Dies.
- Do not attempt to use the bushings with other brands or types of dies.
- Keep the bushings out of reach of children and pets to prevent accidental injury.
- Regularly inspect the bushings for any signs of damage or wear before use.
- Report any unsafe product incidents to the relevant authorities.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as safety glasses and gloves, when handling and using the bushings.
- Ensure the work area is clean and free from clutter to avoid accidents.
- Do not exceed the recommended sizing increments. Forster bushings are made in .001 inch increments.
- Avoid using excessive force when installing the bushings to prevent damage.
- Ensure proper alignment of the bushing with the die to avoid misfires or accidents.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and safety gear.
- Ensure the workspace is welllit and organized.

2. Installation:

- Carefully remove the bushing from its packaging.
- Align the bushing with the Forster Precision Plus Bushing Bump Die.
- Gently insert the bushing into the die, ensuring it fits snugly.
- Do not force the bushing into place; if it does not fit, check for compatibility.

3. Usage:

- Follow the specific instructions provided with your Forster Precision Plus Bushing Bump Die for optimal results.
- Monitor the bushing during use for any signs of wear or damage.
- If the bushing becomes damaged, discontinue use immediately.

Disposal Instructions

- Dispose of the bushing in accordance with local waste management regulations.
- Do not throw the bushing in regular household waste if it is damaged or contains hazardous materials.
- Consider recycling options for metal components if applicable.
