# BUSHING BUMP NECK SIZING BUSHINGS SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the Forster Bushing Bump Neck Sizing Bushings. These bushings are specifically designed for use with Forster Precision Plus Bushing Bump Dies. This safety instruction guide will help you understand the safe use, installation, and disposal of the product while ensuring compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure you are using the Forster neck sizing bushings only with compatible Forster Precision Plus Bushing Bump Dies.
- Always handle the bushings with care to avoid injury.
- Keep the bushings out of reach of children and vulnerable individuals.
- Inspect the bushings for any visible damage prior to use. Do not use if damaged.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use protective eyewear when handling or using the bushings to prevent eye injuries.
- Avoid using excessive force when inserting or removing the bushings from the dies.
- Ensure that your work area is clean and free from clutter to prevent accidents.
- Do not modify the bushings or attempt to use them in ways not intended by the manufacturer.
- If you experience any difficulties during use, stop and consult the product manual or seek assistance.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and materials, including the Forster Precision Plus Bushing Bump Die and the appropriate neck sizing bushing.

### 2. Installation:

- Ensure that the die is securely mounted in your reloading press.
- Select the correct Forster neck sizing bushing based on your specific reloading needs. The bushings are available in .001 inch increments from .281 to .343 inches.
- Insert the bushing into the die, ensuring it is seated properly. Do not force the bushing into place.

### 3. Usage:

- Follow the manufacturer's instructions for operating the Forster Precision Plus Bushing Bump Die.
- Always monitor the sizing process to ensure consistent results.
- After use, remove the bushing from the die and inspect it for wear or damage.

## Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations for metal waste.
- Do not dispose of bushings in regular household waste. Check with local waste management authorities for proper disposal methods.

## **Contact Information for Further Support**

For safety inquiries or additional information regarding the Forster Bushing Bump Neck Sizing Bushings, please refer to the product packaging or visit the manufacturer's official website for guidance.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Please ensure you follow these guidelines carefully to maximize the safe and effective use of your Forster Bushing Bump Neck Sizing Bushings.
