

# NECK SIZING BUSHINGS - L.E. WILSON STEEL NECK SIZER DIE BUSHING .284

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Hardened stainless steel neck bushing from L.E. Wilson. Wilson makes their bushings in .001" increments. The size marked on them refers to the middle of the bushing, which is reamed with a .003" taper. Since the case neck only reaches the middle, a slightly tighter sizing can be achieved by turning the bushing over, with the markings facing toward the case (markings facing down). This is mainly an emergency step to be taken if the brass has hardened, springing back more, and will no longer hold the bullet; or for fine-tuning the sizing to provide less additional "squeeze" than using the next smaller bushing in the normal way. Made to similar specs to the Redding neck bushings. Will not interchange with Forster or RCBS dies. Brownells Gun Tech™ Tip: There are two ways to select the steel neck bushings you need: (1) Measure the outside neck diameter of your loaded cartridge and subtract .002" to .003". This allows approximately .001" of brass to spring back for correct neck tension. (2) You can also measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet and subtract .002" to .003".

## Attributes

- Name: [L.E. WILSON STEEL NECK SIZER DIE BUSHING .284](#)
- Manufacturer: [L.E. WILSON](#)
- Product no.: 749002359
- Mfr. No.: B-284
- Diameter (in): .284
- Delivery weight: 0.032kg
- Shipping height: 1mm
- Shipping width: 57mm
- Shipping length: 89mm
- UPC: 815145024749

# NECK SIZING BUSHINGS L.E. WILSON STEEL NECK SIZER DIE BUSHING .284 Safety Instructions

## Introduction

Thank you for choosing the NECK SIZING BUSHINGS L.E. WILSON STEEL NECK SIZER DIE BUSHING .284. This product is designed for precision reloading, ensuring optimal neck sizing for your cartridges. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always inspect the neck bushing for any signs of damage or wear before use.
- Use the neck bushing only for its intended purpose as described in this manual.
- Keep the neck bushing out of reach of children and pets.
- Ensure you are using the correct size bushing for your specific cartridge to prevent accidents.
- Store the neck bushing in a safe, dry place when not in use.
- Report any unsafe products or accidents to local authorities and check for recall updates.

## Specific Safety Precautions for Use

- When measuring the outside neck diameter of your loaded cartridge, ensure that the measurement is accurate to avoid incorrect sizing.
- Always handle the neck bushing with care to prevent injury from sharp edges.
- If using the bushing in an inverted position (markings facing down), be aware that this is an emergency measure and should be done with caution.
- Avoid excessive force when resizing necks to prevent damage to both the bushing and the cartridge.
- Be cautious of brass springback; ensure you adjust your measurements accordingly to maintain proper neck tension.

## Instructions for Installation and Usage

### 1. Selecting the Right Bushing:

- Measure the outside neck diameter of your loaded cartridge.
- Subtract .002" to .003" from this measurement to select the appropriate bushing size.
- Alternatively, measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet, and subtract .002" to .003".

### 2. Installation:

- Ensure your reloading press is clean and free of obstructions.
- Insert the neck bushing into the die according to the manufacturer's instructions.
- Secure the die in your reloading press.

### 3. Usage:

- Place the cartridge case in the shell holder of the reloading press.
- Operate the press to size the neck of the cartridge.
- Check the neck tension after resizing to ensure it meets your specifications.
- If necessary, repeat the resizing process with a different bushing for finetuning.

### 4. PostUse Care:

- Clean the neck bushing after each use to maintain its integrity.
- Store the bushing in a protective case or pouch to prevent damage.

## **Disposal Instructions**

- Dispose of any damaged or worn bushings according to local regulations for metal waste.
- Do not throw the neck bushing in regular household trash.
- Check with local recycling centers for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the NECK SIZING BUSHINGS L.E. WILSON STEEL NECK SIZER DIE BUSHING .284, please refer to the manufacturer's website or customer support for assistance.

Thank you for your attention to these safety instructions, and happy reloading!
