

# NECK SIZING BUSHINGS - L.E. WILSON STEEL NECK SIZER DIE BUSHING .293

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Hardened stainless steel neck bushing from L.E. Wilson. Wilson makes their bushings in .001" increments. The size marked on them refers to the middle of the bushing, which is reamed with a .003" taper. Since the case neck only reaches the middle, a slightly tighter sizing can be achieved by turning the bushing over, with the markings facing toward the case (markings facing down). This is mainly an emergency step to be taken if the brass has hardened, springing back more, and will no longer hold the bullet; or for fine-tuning the sizing to provide less additional "squeeze" than using the next smaller bushing in the normal way. Made to similar specs to the Redding neck bushings. Will not interchange with Forster or RCBS dies. Brownells Gun Tech™ Tip: There are two ways to select the steel neck bushings you need: (1) Measure the outside neck diameter of your loaded cartridge and subtract .002" to .003". This allows approximately .001" of brass to spring back for correct neck tension. (2) You can also measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet and subtract .002" to .003".

## Attributes

- Name: [L.E. WILSON STEEL NECK SIZER DIE BUSHING .293](#)
- Manufacturer: [L.E. WILSON](#)
- Product no.: 749002360
- Mfr. No.: B-293
- Diameter (in): .293
- Delivery weight: 0.032kg
- Shipping width: 57mm
- Shipping length: 89mm
- UPC: 815145024831

# NECK SIZING BUSHINGS L.E. WILSON STEEL NECK SIZER DIE BUSHING .293 Safety Instructions Guide

## Introduction

Thank you for choosing the L.E. Wilson Steel Neck Sizer Die Bushing .293. This product is designed to assist in reloading and ensuring the correct neck sizing for your cartridges. It is essential to follow the safety guidelines outlined in this document to ensure safe and effective use.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of this product by following the manufacturer's instructions and guidelines.
- **Enhanced Recalls:** Stay informed about product recalls and safety notices. If you receive a recall notice, follow the instructions provided.
- **Online Shopping:** When purchasing this product online, ensure that the retailer complies with safety regulations.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by the retailer or manufacturer.
- **Rapid Alerts:** Check the EU Safety Gate platform for updates on unsafe products.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Improper use may lead to incorrect neck sizing, which can affect the performance of your ammunition.
  - The bushing may become damaged if used with cases that exceed the recommended specifications.
- **Avoiding Hazards:**
  - Always ensure the bushing is compatible with your specific reloading setup.
  - Do not exceed the recommended sizing limits as indicated on the product.
  - Inspect the bushing for any signs of wear or damage before use.

## Instructions for Installation and Usage

- **Installation:**
  1. Ensure your reloading press is clean and properly set up.
  2. Insert the L.E. Wilson Steel Neck Sizer Die Bushing .293 into the die body according to the manufacturer's instructions.
  3. Secure the bushing firmly to prevent movement during operation.
- **Usage:**
  - Measure the outside neck diameter of your loaded cartridge and subtract .002" to .003" for proper

neck tension.

- Alternatively, measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet, and subtract .002" to .003".
- For emergency sizing, you may turn the bushing over with the markings facing down, but this should be a temporary solution.
- Always monitor the performance of your ammunition and adjust sizing as necessary.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations for metal waste.
- Do not dispose of the product in household waste. Check with your local recycling facility for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the L.E. Wilson Steel Neck Sizer Die Bushing .293, please contact the retailer or manufacturer for assistance.
