

NECK SIZING BUSHINGS - L.E. WILSON STEEL NECK SIZER DIE BUSHING .309

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Hardened stainless steel neck bushing from L.E. Wilson. Wilson makes their bushings in .001" increments. The size marked on them refers to the middle of the bushing, which is reamed with a .003" taper. Since the case neck only reaches the middle, a slightly tighter sizing can be achieved by turning the bushing over, with the markings facing toward the case (markings facing down). This is mainly an emergency step to be taken if the brass has hardened, springing back more, and will no longer hold the bullet; or for fine-tuning the sizing to provide less additional "squeeze" than using the next smaller bushing in the normal way. Made to similar specs to the Redding neck bushings. Will not interchange with Forster or RCBS dies. Brownells Gun Tech™ Tip: There are two ways to select the steel neck bushings you need: (1) Measure the outside neck diameter of your loaded cartridge and subtract .002" to .003". This allows approximately .001" of brass to spring back for correct neck tension. (2) You can also measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet and subtract .002" to .003".

Attributes

- Name: [L.E. WILSON STEEL NECK SIZER DIE BUSHING .309](#)
- Manufacturer: [L.E. WILSON](#)
- Product no.: 749002371
- Mfr. No.: B-309
- Diameter (in): .309
- Delivery weight: 0.032kg
- Shipping height: 1mm
- Shipping width: 57mm
- Shipping length: 89mm
- UPC: 815145024992

NECK SIZING BUSHINGS L.E. WILSON STEEL NECK SIZER DIE BUSHING .309 Safety Instruction Guide

Introduction

Thank you for choosing the NECK SIZING BUSHINGS L.E. WILSON STEEL NECK SIZER DIE BUSHING .309. This guide provides important safety information and instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the product.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the neck sizing bushings by following the instructions provided. This product is designed for nonfood use and should be handled with care.
- **Enhanced Recalls:** In the event of a product recall, you will receive standardized notices and remedies if the product is found to be dangerous.
- **Online Shopping:** If you purchase this product online, you are entitled to the same safety protections as if you bought it in a physical store.
- **Special Consumer Focus:** Extra safeguards are in place for vulnerable groups, including children. Keep this product out of reach of children.
- **EU Contact Point:** For safety inquiries, please refer to the appropriate EUbased contact points.
- **Rapid Alerts:** Stay informed about any safety updates regarding this product through the EU's Safety Gate system.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Improper use of the neck sizing bushings can lead to unsafe ammunition, which may cause firearm malfunction or injury.
 - Ensure that the bushings are compatible with your reloading equipment to avoid accidents.
- **Avoiding Hazards:**
 - Always check the condition of the bushing before use. Do not use if damaged or worn.
 - Follow the sizing instructions closely to ensure proper neck tension on the cartridge.
- **AgeSpecific Warnings:**
 - This product is intended for use by individuals who are knowledgeable about reloading ammunition. It is not suitable for children or inexperienced users.

Instructions for Installation and Usage

1. Selecting the Right Bushing:

- Measure the outside neck diameter of your loaded cartridge.
- Subtract .002" to .003" to determine the appropriate bushing size.
- Alternatively, measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet, and subtract .002" to .003".

2. Installation:

- Ensure the die is properly set up according to the manufacturer's instructions.

- Insert the neck sizing bushing into the die, ensuring it is securely fitted.

3. Using the Bushing:

- Use the bushing with the markings facing up for standard sizing.
- For a tighter fit, you may turn the bushing over with the markings facing down, but this should only be done in emergencies or for finetuning.

4. PostUse Care:

- After use, clean the bushing to remove any brass residue.
- Store the bushing in a safe, dry place away from children.

Disposal Instructions

- Dispose of any damaged or worn bushings according to local regulations.
- Do not dispose of the product in regular household waste. Check for recycling options or designated disposal facilities for metal products.

Contact Information for Further Support

For further assistance or inquiries regarding the NECK SIZING BUSHINGS L.E. WILSON STEEL NECK SIZER DIE BUSHING .309, please refer to the appropriate channels for support as per EU regulations.

By following these guidelines and instructions, you can ensure the safe and effective use of your NECK SIZING BUSHINGS L.E. WILSON STEEL NECK SIZER DIE BUSHING .309. Thank you for your attention to safety.
