

# NECK SIZING BUSHINGS - L.E. WILSON STEEL NECK SIZER DIE BUSHING .262

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Hardened stainless steel neck bushing from L.E. Wilson. Wilson makes their bushings in .001" increments. The size marked on them refers to the middle of the bushing, which is reamed with a .003" taper. Since the case neck only reaches the middle, a slightly tighter sizing can be achieved by turning the bushing over, with the markings facing toward the case (markings facing down). This is mainly an emergency step to be taken if the brass has hardened, springing back more, and will no longer hold the bullet; or for fine-tuning the sizing to provide less additional "squeeze" than using the next smaller bushing in the normal way. Made to similar specs to the Redding neck bushings. Will not interchange with Forster or RCBS dies. Brownells Gun Tech™ Tip: There are two ways to select the steel neck bushings you need: (1) Measure the outside neck diameter of your loaded cartridge and subtract .002" to .003". This allows approximately .001" of brass to spring back for correct neck tension. (2) You can also measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet and subtract .002" to .003".

## Attributes

- Name: [L.E. WILSON STEEL NECK SIZER DIE BUSHING .262](#)
- Manufacturer: [L.E. WILSON](#)
- Product no.: 749002426
- Mfr. No.: B-262
- Diameter (in): .262
- Delivery weight: 0.032kg
- Shipping width: 57mm
- Shipping length: 89mm
- UPC: 815145024527

## Item details

Made in USA

# Safety Instruction Guide for NECK SIZING BUSHINGS L.E. WILSON STEEL NECK SIZER DIE BUSHING .262

## Introduction

Thank you for choosing the NECK SIZING BUSHINGS L.E. WILSON STEEL NECK SIZER DIE BUSHING .262. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of the product. Please read this manual carefully before use to understand the proper handling and safety measures.

## General Safety Guidelines

- Ensure the product is used in accordance with the manufacturer's instructions.
- Always inspect the bushing for any signs of damage or wear before use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents to the relevant authorities.
- Stay informed about product recalls or safety alerts through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling the bushing.
- Do not use the bushing if it appears to be damaged or compromised.
- Ensure that the bushing is compatible with your specific die and reloading equipment.
- Avoid excessive force when using the bushing to prevent injury or damage to the equipment.
- Handle the bushing with care to avoid sharp edges that may cause cuts.

## Instructions for Installation and Usage

### 1. Selecting the Correct Bushing Size:

- Measure the outside neck diameter of your loaded cartridge.
- Subtract .002" to .003" from this measurement to determine the appropriate bushing size.
- Alternatively, measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet, and subtract .002" to .003".

### 2. Installing the Bushing:

- Ensure your reloading die is clean and free of debris.
- Insert the bushing into the die with the markings facing up.
- For emergency use or finetuning, you may turn the bushing over with the markings facing down.

### 3. Using the Bushing:

- Insert the case neck into the die and apply steady pressure to size the neck.
- Avoid forcing the case into the die, as this may cause damage or injury.
- Regularly check the neck tension to ensure proper bullet hold.

### 4. PostUse Care:

- After use, clean the bushing to remove any residue or debris.
- Store the bushing in a safe, dry place away from moisture and extreme temperatures.

## **Disposal Instructions**

- Dispose of any damaged or worn bushings in accordance with local regulations for metal recycling.
- If the product is no longer usable, ensure it is disposed of safely to prevent injury to others.

## **Contact Information for Further Support**

For any inquiries or support regarding the NECK SIZING BUSHINGS L.E. WILSON STEEL NECK SIZER DIE BUSHING .262, please refer to the manufacturer's website or contact their customer service for assistance.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your NECK SIZING BUSHINGS L.E. WILSON STEEL NECK SIZER DIE BUSHING .262. Thank you for your attention to safety.
