

NECK SIZING BUSHINGS - L.E. WILSON STEEL NECK SIZER DIE BUSHING .249

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Hardened stainless steel neck bushing from L.E. Wilson. Wilson makes their bushings in .001" increments. The size marked on them refers to the middle of the bushing, which is reamed with a .003" taper. Since the case neck only reaches the middle, a slightly tighter sizing can be achieved by turning the bushing over, with the markings facing toward the case (markings facing down). This is mainly an emergency step to be taken if the brass has hardened, springing back more, and will no longer hold the bullet; or for fine-tuning the sizing to provide less additional "squeeze" than using the next smaller bushing in the normal way. Made to similar specs to the Redding neck bushings. Will not interchange with Forster or RCBS dies. Brownells Gun Tech™ Tip: There are two ways to select the steel neck bushings you need: (1) Measure the outside neck diameter of your loaded cartridge and subtract .002" to .003". This allows approximately .001" of brass to spring back for correct neck tension. (2) You can also measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet and subtract .002" to .003".

Attributes

- Name: [L.E. WILSON STEEL NECK SIZER DIE BUSHING .249](#)
- Manufacturer: [L.E. WILSON](#)
- Product no.: 749002446
- Mfr. No.: B-249
- Diameter (in): .249
- Delivery weight: 0.032kg
- Shipping height: 1mm
- Shipping width: 57mm
- Shipping length: 89mm
- UPC: 815145024398

NECK SIZING BUSHINGS L.E. WILSON STEEL NECK SIZER DIE BUSHING .249 Safety Instruction Guide

Introduction

Thank you for choosing the NECK SIZING BUSHINGS L.E. WILSON STEEL NECK SIZER DIE BUSHING .249. This guide provides important safety instructions and guidelines to ensure the safe and effective use of this product. Please read and follow all instructions carefully to minimize risks and ensure a positive experience.

General Safety Guidelines

- Always use the neck sizing bushing in accordance with the manufacturer's instructions.
- Ensure that the workspace is clean, dry, and free from distractions.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the neck bushing for any signs of damage or wear before use. Do not use if damaged.
- Store the neck sizing bushing in a safe place when not in use to prevent accidental injury.

Specific Safety Precautions for Use

• Potential Hazards:

- Sharp edges may be present on the neck bushing that can cause cuts or lacerations.
- Improper use may lead to incorrect sizing of cartridge necks, which can affect firearm safety and performance.

• Avoiding Hazards:

- Always handle the neck bushing with care and use appropriate protective gear, such as gloves.
- Do not exceed the recommended sizing specifications to avoid damaging your cartridges or firearm.
- Ensure that the bushing is properly seated and secured in the die before use.
- If you experience resistance while sizing, stop immediately and inspect the setup to prevent damage.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is clean and properly set up.
- Insert the neck sizing bushing into the die, ensuring that it is seated correctly.
- Tighten the die according to the manufacturer's specifications.

2. Usage:

- Measure the outside neck diameter of your loaded cartridge and subtract .002" to .003" to select the appropriate bushing size.
- Alternatively, measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet, and subtract .002" to .003".
- If necessary, turn the bushing over with the markings facing down for a tighter sizing.
- Proceed with sizing your cartridges as per your reloading process.
- After use, clean the bushing to remove any debris or residue.

Disposal Instructions

- Dispose of the neck sizing bushing in accordance with local regulations regarding metal waste.
- Do not dispose of the bushing in regular household waste if it is damaged or unusable.

Contact Information for Further Support

For any inquiries regarding the safety and use of the NECK SIZING BUSHINGS L.E. WILSON STEEL NECK SIZER DIE BUSHING .249, please refer to the manufacturer's website or contact their support team for assistance.

Important Note

Report any unsafe products or accidents to the appropriate authorities. Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

By following these guidelines, you can ensure safe and effective use of your NECK SIZING BUSHINGS L.E. WILSON STEEL NECK SIZER DIE BUSHING .249. Thank you for your attention to safety.
