

NECK SIZING BUSHINGS - L.E. WILSON STEEL NECK SIZER DIE BUSHING .257

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Hardened stainless steel neck bushing from L.E. Wilson. Wilson makes their bushings in .001" increments. The size marked on them refers to the middle of the bushing, which is reamed with a .003" taper. Since the case neck only reaches the middle, a slightly tighter sizing can be achieved by turning the bushing over, with the markings facing toward the case (markings facing down). This is mainly an emergency step to be taken if the brass has hardened, springing back more, and will no longer hold the bullet; or for fine-tuning the sizing to provide less additional "squeeze" than using the next smaller bushing in the normal way. Made to similar specs to the Redding neck bushings. Will not interchange with Forster or RCBS dies. Brownells Gun Tech™ Tip: There are two ways to select the steel neck bushings you need: (1) Measure the outside neck diameter of your loaded cartridge and subtract .002" to .003". This allows approximately .001" of brass to spring back for correct neck tension. (2) You can also measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet and subtract .002" to .003".

Attributes

- Name: [L.E. WILSON STEEL NECK SIZER DIE BUSHING .257](#)
- Manufacturer: [L.E. WILSON](#)
- Product no.: 749002464
- Mfr. No.: B-257
- Diameter (in): .257
- Delivery weight: 0.032kg
- Shipping height: 1mm
- Shipping width: 57mm
- Shipping length: 89mm
- UPC: 815145024473

NECK SIZING BUSHINGS L.E. WILSON STEEL NECK SIZER DIE BUSHING .257 Safety Instructions

Introduction

Thank you for choosing the NECK SIZING BUSHINGS L.E. WILSON STEEL NECK SIZER DIE BUSHING .257. This product is designed to provide precise neck sizing for your reloading needs. To ensure your safety and the effective use of this product, please read this safety instruction guide thoroughly before use.

General Safety Guidelines

- Always follow the manufacturer's instructions for safe handling and use of the product.
- Ensure that the product is used only for its intended purpose, which is neck sizing of cartridge cases.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- When using the neck sizing bushing, ensure it is securely fitted into the die to prevent accidents during operation.
- Wear appropriate eye protection to shield against debris that may arise during the resizing process.
- Handle the bushing with care, as the edges may be sharp and could cause injury if not handled properly.
- Avoid using excessive force when sizing cases, as this may lead to brass deformation or damage to the bushing.
- If you experience resistance while sizing, stop immediately and inspect the case and bushing for issues.

Instructions for Installation and Usage

1. Selecting the Correct Bushing:

- Measure the outside neck diameter of your loaded cartridge and subtract .002" to .003" for correct neck tension.
- Alternatively, measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet, and subtract .002" to .003".

2. Installation:

- Ensure your reloading press is clean and free of debris.
- Insert the neck sizing bushing into the die with the markings facing up.
- Tighten the die securely in the press.

3. Usage:

- Place the cartridge case into the shell holder of the press.
- Pull the handle to size the neck of the case.
- If necessary, you can turn the bushing over with the markings facing down for tighter sizing.

4. PostUse Care:

- After use, clean the bushing to remove any brass residue or debris.
- Store the bushing in a safe and dry place to prevent damage.

Disposal Instructions

- Dispose of the product in accordance with local regulations for metal recycling.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any questions or concerns regarding the NECK SIZING BUSHINGS L.E. WILSON STEEL NECK SIZER DIE BUSHING .257, please refer to the manufacturer's contact details provided with the product packaging.

Thank you for prioritizing safety while using this product. Your adherence to these guidelines contributes to a safer reloading experience.
