

# SEATER DIES - REDDING SEATER DIE 25-06 REMINGTON

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Seating Die includes bullet guide, built-in crimp ring and the proper seating plug. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging.

## REMINGTON Safety Instruction Guide

### Introduction

Thank you for choosing the Redding Seating Die for your reloading needs. This guide provides important safety instructions and recommendations to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

### General Safety Guidelines

- Ensure that the die is used only for its intended purpose as specified in the product description.
- Always read and follow the instructions provided with the die prior to use.
- Keep the die and all reloading components out of reach of children and unauthorized users.
- Regularly inspect the die for signs of wear or damage before each use.
- Store the die in a secure location when not in use to prevent accidental access.

### Specific Safety Precautions for Use

- **Hazard Identification:**
  - Improper use can lead to malfunctions or accidents, including injury or damage to property.
  - Always ensure the die is compatible with the cartridges you are using.
- **Avoiding Hazards:**
  - Do not exceed the recommended load specifications for your cartridges.
  - Always wear appropriate safety gear, including eye protection, when reloading ammunition.
  - Ensure your workspace is clean and organized to prevent accidents.
  - Never leave the die unattended while in use.

### Instructions for Installation and Usage

- **Installation:**
  1. Ensure that your reloading press is securely mounted and stable.
  2. Carefully insert the Redding Seating Die into the press according to the manufacturer's instructions.
  3. Tighten the die securely to prevent movement during operation.
- **Usage:**
  1. Place the cartridge case into the shell holder of the press.
  2. Adjust the seating plug according to the desired bullet seating depth.
  3. Operate the press smoothly to seat the bullet into the cartridge case.
  4. Inspect the completed cartridge for proper seating and any visible defects.

### Disposal Instructions

- Dispose of any unused or defective components in accordance with local regulations.
- Do not dispose of ammunition or reloading components in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

### Contact Information for Further Support

For any questions or concerns regarding the Redding Seating Die, please refer to the manufacturer's contact details provided on the product packaging or visit their official website.

## Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with your Redding Seating Die. Always prioritize safety and adhere to the guidelines provided. Thank you for your attention to these important safety measures.
