

# SEATER DIES - REDDING SEATER DIE 8X57MM MAUSER

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Seating Die includes bullet guide, built-in crimp ring and the proper seating plug. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging.

# Safety Instruction Guide for SEATER DIES REDDING SEATER DIE 8X57MM MAUSER

## Introduction

Thank you for choosing the SEATER DIES REDDING SEATER DIE 8X57MM MAUSER. This product is designed for precision bullet seating in reloading applications. To ensure safe and effective use, please carefully read and follow the safety guidelines outlined in this document.

## General Safety Guidelines

- Always handle reloading equipment with care and respect.
- Ensure that you are familiar with the reloading process before using this die.
- Keep this product out of reach of children and unauthorized users.
- Always wear appropriate safety gear, including safety glasses and gloves, when using this product.
- Store the die in a cool, dry place when not in use to prevent damage.
- Regularly inspect the die for wear or damage before each use.

## Specific Safety Precautions for Use

- Ensure that the die is compatible with your reloading press and the cartridges you are using.
- Follow the manufacturer's instructions for setup and operation.
- Do not exceed the recommended load limits for the cartridges you are reloading.
- Avoid distractions while reloading to maintain focus and safety.
- Always doublecheck your work, including the seating depth and crimping, to ensure accuracy.

## Instructions for Installation and Usage

### 1. Installation

- Ensure the reloading press is securely mounted.
- Insert the Redding Seating Die into the press according to the manufacturer's instructions.
- Adjust the die to the desired seating depth using the seating plug.

### 2. Usage

- Prepare your cases and ensure they are clean and free of obstructions.
- Place a bullet on the case mouth and insert it into the shell holder.
- Operate the press to seat the bullet to the desired depth.
- If crimping is required, adjust the crimp ring as per the instructions and operate the press again.
- Inspect each completed round for proper seating and crimping.

## Disposal Instructions

- Dispose of any damaged or wornout dies in accordance with local regulations.
- Do not throw away the die in regular household waste; check for recycling options or hazardous waste disposal facilities in your area.

## Contact Information for Further Support

For any inquiries regarding the safety or use of this product, please refer to the manufacturer's contact information provided with the product packaging.

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience with the SEATER DIES REDDING SEATER DIE 8X57MM MAUSER. Thank you for your attention to safety.
