

SEATER DIES - REDDING SEATER DIE 375 H&H MAGNUM

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Seating Die includes bullet guide, built-in crimp ring and the proper seating plug. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging.

Safety Instruction Guide for Redding Seating Die 375 H&H Magnum

Introduction

Thank you for choosing the Redding Seating Die 375 H&H Magnum. This guide provides important safety instructions and information to ensure safe and effective use of the product. Please read this guide carefully before using the die.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified by the manufacturer.
- Always wear appropriate protective gear, including safety glasses and gloves, when handling reloading equipment.
- Keep the die and all reloading components out of reach of children and unauthorized users.
- Regularly inspect the die for any signs of wear or damage before each use.
- Report any unsafe products or incidents to the relevant authorities and check for recalls on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Do not exceed the maximum load specifications provided by the manufacturer.
- Always follow the reloading data and guidelines from reliable sources.
- Ensure that the work area is wellventilated and free from distractions.
- Handle all components, including cartridges and bullets, with care to avoid accidents.
- If you experience any unusual resistance while using the die, stop immediately and inspect the setup.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is securely mounted and stable.
- Remove any existing die from the press before installing the Redding Seating Die.
- Insert the Redding Seating Die into the press and tighten it securely.
- Adjust the die to the desired seating depth according to your specifications.

2. Usage:

- Place a clean, prepared cartridge case into the shell holder of the press.
- Insert a bullet into the case mouth.
- Lower the ram of the press slowly to seat the bullet to the desired depth.
- Inspect the seated bullet for proper alignment and depth before proceeding to the next cartridge.
- Repeat the process for each cartridge, ensuring consistent results.

Disposal Instructions

- Dispose of any unused or damaged reloading components according to local regulations.
- Do not dispose of the die in regular household waste. Instead, check with local recycling programs or hazardous waste facilities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Redding Seating Die 375 H&H Magnum, please refer to the manufacturer's website or customer service for assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience. Thank you for choosing Redding products.
