# Safety Instruction Guide for SEATER DIES REDDING SEATER DIE 260 REMINGTON

## Introduction

Thank you for choosing the SEATER DIES REDDING SEATER DIE 260 REMINGTON. This product is designed for precision bullet seating in the reloading process. To ensure safe and effective use of this product, please read and follow all safety guidelines and instructions outlined in this document.

## General Safety Guidelines

- Always use this product in accordance with the manufacturer's instructions.
- Keep this product out of reach of children and unauthorized users.
- Inspect the die for any signs of damage or wear before each use.
- Ensure your working area is clean, dry, and welllit to prevent accidents.
- Wear appropriate safety gear, including safety glasses and gloves, when using this product.
- Be aware of your surroundings and ensure that no one is in the vicinity that could be harmed during use.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure the die is securely mounted in the reloading press before use.
- Do not exceed the recommended load specifications for your cartridges.
- Always follow the recommended procedures for bullet seating to avoid accidents.
- Avoid using the die if you are under the influence of drugs or alcohol.
- Store the die in a safe, dry place when not in use to prevent damage and ensure longevity.
- If you experience any malfunctions or irregularities during use, cease operation immediately and inspect the product.

## Instructions for Installation and Usage

### 1. Installation

- Ensure your reloading press is properly set up and secure.
- Carefully remove the SEATER DIES REDDING SEATER DIE from its packaging.
- Insert the die into the reloading press and tighten it securely to prevent movement during operation.
- Attach the bullet guide and ensure the crimp ring is in place.

### 2. Usage

- Prepare your cartridge cases according to the recommended reloading procedures.
- Select the appropriate seating plug for the bullet you are using.
- Place a cartridge case in the reloading press and raise the ram to the top position.
- Insert the bullet into the case mouth.
- Gradually lower the ram to seat the bullet to the desired depth, ensuring a smooth operation.
- Inspect the seated bullet for proper depth and alignment before proceeding with additional rounds.

## Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Recycle packaging materials where possible.
- Do not dispose of the die in regular household waste; check for local recycling programs that accept

metal products.

## Contact Information for Further Support

For any inquiries regarding safety or product support, please refer to the manufacturer's contact information provided with the product packaging. It is essential to reach out to the manufacturer for any safety concerns or questions about the SEATER DIES REDDING SEATER DIE 260 REMINGTON.

By following these safety instructions, you can ensure a safe and effective reloading experience with your SEATER DIES REDDING SEATER DIE 260 REMINGTON. Thank you for prioritizing safety in your reloading practices.
