

# SEATER DIES - REDDING SEATER DIE 22-250 REMINGTON

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Seating Die includes bullet guide, built-in crimp ring and the proper seating plug. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging.

# Safety Instruction Guide for SEATER DIES

## REDDING SEATER DIE 22250 REMINGTON

### Introduction

Thank you for choosing the Redding Seating Die for your reloading needs. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of the product. Please read this document carefully before use and keep it for future reference.

### General Safety Guidelines

- Always ensure that the die is used in accordance with the manufacturer's instructions.
- Keep the die out of reach of children and vulnerable individuals.
- Inspect the die for any damage or wear before each use.
- Do not use the die for any purpose other than intended.
- Report any unsafe conditions or accidents to the appropriate authorities.

### Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using the die.
- Ensure that the workspace is clean and free of obstructions.
- Do not exceed the recommended load specifications for your cartridges.
- Use only compatible components with the die.
- Be aware of the potential hazards associated with reloading, such as handling gunpowder and primers.

### Instructions for Installation and Usage

#### 1. Installation:

- Ensure your reloading press is securely mounted.
- Insert the Redding Seating Die into the press according to the manufacturer's instructions.
- Adjust the seating depth as needed for your specific bullet.

#### 2. Usage:

- Place a cartridge case in the press and raise the ram.
- Insert a bullet into the case mouth.
- Lower the ram to seat the bullet to the desired depth.
- Inspect the completed cartridge for proper seating and crimping.

### Disposal Instructions

- Dispose of any damaged or worn dies in accordance with local regulations.
- Recycle packaging materials where possible.
- Do not dispose of reloading materials in regular household waste.

### Contact Information for Further Support

For any questions or safety inquiries regarding the Redding Seating Die, please refer to the manufacturer's contact information provided with the product packaging.

## Conclusion

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience with the Redding Seating Die. Always prioritize safety and do not hesitate to reach out for support if needed. Thank you for your attention to these important safety measures.
