

FULL LENGTH DIE SETS - RCBS FULL LENGTH 2-DIE SET 243 WINCHESTER

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Full length die sets are for bottleneck rifle and pistol cases, and they include a full length sizing die and a seater die. The full length die will bump the shoulder of the case to extent the die is adjusted up or down in the press. We suggest using a cartridge headspace gage tool to get the correct shoulder bump. The full length die also sizes the body of the case so it will chamber easily for the next firing, then the die decaps the spent primer. The expander ball passes through the neck of the case and sizes the neck to the correct tension. Cases must be lubricated before full length sizing. The RCBS seater dies for bottleneck cases will seat bullets correctly in full length sized cases or neck sized cases. These seater dies have a built-in crimp ring to enable you to crimp the case into the bullet if you wish to. The seater die is easily adjusted to crimp or not to crimp by raising or lowering the die position in the press. Full length 2 die sets are the basic building block of the reloading process. Many shooters wear out multiple barrels or rifles using just one full length reloading die set. We recommend that new reloaders start with a full length die set and learn how to set the dies up correctly before they jump in to other types of reloading dies.

Attributes

- Name: [RCBS FULL LENGTH 2-DIE SET 243 WINCHESTER](#)
- Manufacturer: [RCBS](#)
- Product no.: 749004633

Safety Instruction Guide for RCBS Full Length 2 Die Set 243 Winchester

Introduction

Thank you for choosing the RCBS Full Length 2 Die Set for your reloading needs. This guide provides essential safety instructions to ensure the safe use of this product. Please read and understand all safety information before using the die set.

General Safety Guidelines

- **Product Safety:** Ensure safe use of all components. Follow the instructions to minimize risks associated with reloading.
- **Enhanced Recalls:** Stay informed about any product recalls or safety notices. Check the official channels for updates.
- **Online Shopping:** When purchasing online, ensure the seller complies with safety standards.
- **Special Consumer Focus:** Be aware that reloading equipment should be kept out of reach of children.
- **EU Contact Point:** For safety inquiries, refer to the designated EU contact point provided by the manufacturer.
- **Rapid Alerts:** Monitor the EU's Safety Gate platform for updates on unsafe products.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Improper use of reloading dies can lead to dangerous situations, including misfires or damage to firearms.
 - Ensure that all components are in good condition before use.
- **Avoiding Hazards:**
 - Always wear safety glasses when reloading.
 - Do not exceed recommended loads as specified in reloading manuals.
 - Ensure the workspace is clean and free from distractions.
 - Use proper lubrication on cases to avoid stuck cases in the die.
- **AgeSpecific Warnings:**
 - This product is intended for use by adults only. Keep out of reach of children.

Instructions for Installation and Usage

- **Installation:**
 - Secure the die set in a reloading press according to the manufacturer's instructions.
 - Adjust the full length sizing die to achieve the desired shoulder bump using a cartridge headspace gauge.
- **Usage:**
 - Before sizing, lubricate all cases thoroughly to prevent sticking.
 - Follow these steps for reloading:
 1. Insert the case into the sizing die and operate the press to size the case.

2. Remove the case and inspect it for proper sizing.
3. Insert the bullet into the case mouth and place it in the seater die.
4. Operate the press to seat the bullet to the desired depth.
5. If desired, adjust the seater die to crimp the bullet into the case.

- **Maintenance:**

- Regularly clean the dies to remove any residue or debris.
- Store the die set in a dry place to prevent rust and damage.

Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not throw away reloading materials in regular trash; follow specific guidelines for hazardous materials.

Contact Information for Further Support

For safety inquiries or additional support, please refer to the contact information provided by the manufacturer.

By adhering to these guidelines, you can ensure a safer reloading experience with the RCBS Full Length 2 Die Set. Always prioritize safety and remain informed about best practices in reloading.
