

# FULL LENGTH DIE SETS - RCBS FULL LENGTH 2-DIE SET 22-250 REMINGTON

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Full length die sets are for bottleneck rifle and pistol cases, and they include a full length sizing die and a seater die. The full length die will bump the shoulder of the case to extent the die is adjusted up or down in the press. We suggest using a cartridge headspace gage tool to get the correct shoulder bump. The full length die also sizes the body of the case so it will chamber easily for the next firing, then the die decaps the spent primer. The expander ball passes through the neck of the case and sizes the neck to the correct tension. Cases must be lubricated before full length sizing. The RCBS seater dies for bottleneck cases will seat bullets correctly in full length sized cases or neck sized cases. These seater dies have a built-in crimp ring to enable you to crimp the case into the bullet if you wish to. The seater die is easily adjusted to crimp or not to crimp by raising or lowering the die position in the press. Full length 2 die sets are the basic building block of the reloading process. Many shooters wear out multiple barrels or rifles using just one full length reloading die set. We recommend that new reloaders start with a full length die set and learn how to set the dies up correctly before they jump in to other types of reloading dies.

## Attributes

- Name: [RCBS FULL LENGTH 2-DIE SET 22-250 REMINGTON](#)
- Manufacturer: [RCBS](#)
- Product no.: 749004636

# Safety Instruction Guide for RCBS Full Length 2Die Set 22250 Remington

## Introduction

Thank you for choosing the RCBS Full Length 2Die Set for reloading your 22250 Remington cartridges. This guide provides important safety instructions to ensure safe and effective use of the product. Please read this guide carefully before using the die set.

## General Safety Guidelines

- Always use the die set in accordance with the manufacturer's instructions.
- Ensure that you are familiar with the reloading process and safety practices before using the die set.
- Store the die set in a safe, dry place away from children and pets.
- Inspect the die set for any damage before use. Do not use if any parts are damaged or missing.
- Use appropriate personal protective equipment, such as safety glasses and gloves, when handling reloading materials.
- Keep your workspace clean and organized to avoid accidents.

## Specific Safety Precautions for Use

- Always lubricate cases before full length sizing to prevent stuck cases in the die.
- Use a cartridge headspace gauge tool to ensure the correct shoulder bump when adjusting the die.
- Do not exceed the recommended load specifications for your cartridges.
- Ensure that the press is securely mounted and stable before operating.
- Do not attempt to modify the die set or use it for any purpose other than intended.
- Keep hands and clothing clear of moving parts during operation.

## Instructions for Installation and Usage

### 1. Installation of the Die Set

- Securely mount your reloading press on a stable surface.
- Install the full length sizing die into the press according to the manufacturer's instructions.
- Adjust the die to achieve the desired shoulder bump using a cartridge headspace gauge tool.

### 2. Full Length Sizing

- Lubricate the cases using an appropriate case lubricant.
- Insert the lubricated case into the shell holder of the press.
- Operate the press to size the case fully.
- Remove the sized case and inspect it for proper sizing and any signs of damage.

### 3. Seating Bullets

- Install the seater die into the press following the manufacturer's instructions.
- Adjust the seater die to the desired bullet seating depth.
- Place a bullet on top of the sized case and operate the press to seat the bullet.
- Check the finished cartridge for proper seating and crimping, if desired.

### 4. Cleaning and Maintenance

- After use, clean the die set to remove any residue or lubricant.

- Store the die set in a protective case or container to prevent damage.

## **Disposal Instructions**

- Dispose of any used or damaged components in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste. Follow local guidelines for hazardous waste disposal.

## **Contact Information for Further Support**

For any questions or concerns regarding the RCBS Full Length 2Die Set, please refer to the manufacturer's contact information provided with the product or visit their official website for support resources.

Thank you for prioritizing safety while using the RCBS Full Length 2Die Set. Happy reloading!
