OUTSIDE NECK TURNER ACCESSORY FOR ORIGINAL CASE TRIMMER

[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Neck Turning Tools](#)

This neck turning attachment is used on the Forster Case Trimmer to turn concentric and uniform necks easily and accurately. Attachment includes carbide cutter, hand fed cam to control speed of cut, and mechanical stop to control length of cut. Works on Forster Case Trimmers only. This tool requires outside neck turning pilots for applicable caliber (cannot use trimmer pilots).

Safety Instruction Guide for Outside Neck Turner Accessories

Introduction

Thank you for choosing the Outside Neck Turner Accessories from Forster Products, Inc. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this guide carefully before using the neck turning attachment to prevent accidents and ensure proper operation.

General Safety Guidelines

To ensure safe use of the Outside Neck Turner Accessories, please follow these guidelines:

- Always read and understand the product manual before use.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear.
- Use personal protective equipment (PPE) such as safety glasses and gloves when operating the tool.
- Do not use the product if you are tired or under the influence of medication or alcohol.

Specific Safety Precautions for Use

When using the Outside Neck Turner Accessories, adhere to the following precautions:

- Ensure that the attachment is properly secured to the Forster Case Trimmer before use.
- Use only compatible outside neck turning pilots for your specific caliber.
- Do not attempt to modify or alter the tool in any way.
- Always keep hands and body clear of the cutting area during operation.
- Use the handfed cam to control the speed of cut carefully to avoid accidents.
- Be aware of the mechanical stop and ensure it is correctly set to control the length of cut.

Instructions for Installation and Usage

Follow these steps to install and use the Outside Neck Turner Accessories safely:

1. Installation:

- Ensure that the Forster Case Trimmer is unplugged and turned off.
- Attach the neck turning accessory securely to the case trimmer according to the manufacturer's instructions.
- Verify that the carbide cutter is installed correctly and is sharp.

2. Using the Tool:

- Select the appropriate outside neck turning pilot for your caliber.
- Insert the pilot into the neck turning attachment.
- Adjust the mechanical stop to the desired length of cut.
- Turn on the Forster Case Trimmer and use the handfed cam to control the speed of the cut.
- Monitor the cutting process closely and maintain a safe distance from the cutting area.

3. PostUse:

- Turn off the case trimmer and unplug it after use.
- Clean the tool and store it in a safe, dry place.

- Regularly check the carbide cutter for wear and replace it as necessary.

Disposal Instructions

When the Outside Neck Turner Accessories are no longer needed or are damaged beyond repair, dispose of them responsibly:

- Check local regulations for electronic waste disposal.
- Dispose of the product in accordance with local environmental laws.
- Do not dispose of the product in regular household waste.

Contact Information for Further Support

For any inquiries or concerns regarding the Outside Neck Turner Accessories, please reach out to the designated contact point provided by the manufacturer. Ensure you have the product information ready for a more efficient response.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with the Outside Neck Turner Accessories from Forster Products, Inc. Always prioritize safety and consult this guide whenever you have questions about the product's operation. Thank you for your attention to these important safety measures.
