

# SEATER DIES - REDDING SEATER DIE 35 WHELEN

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Seating Die includes bullet guide, built-in crimp ring and the proper seating plug. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging.

# Safety Instruction Guide for SEATER DIES REDDING SEATER DIE 35 WHELEN

## Introduction

Thank you for choosing the SEATER DIES REDDING SEATER DIE 35 WHELEN. This product is designed for precision bullet seating in reloading applications. To ensure safe and effective use, please read and follow the safety instructions and guidelines provided in this document.

## General Safety Guidelines

- Always read the product manual and safety instructions before use.
- Ensure that the product is suitable for your specific reloading setup.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the die for wear or damage before each use.
- Report any unsafe conditions or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling the die.
- Ensure the work area is clean and free of obstructions to prevent accidents.
- Do not exceed the recommended pressure limits when using the die.
- Avoid using the die with incompatible cartridges or components.
- Always follow the reloading data provided by reputable sources.
- Never leave the die unattended while in use.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the reloading press is securely mounted and stable.
- Clean the die and reloading press before installation to remove any debris.
- Screw the die into the press until it is snug; do not overtighten.
- Adjust the seating depth according to the specifications for your bullet type.

### 2. Usage:

- Place a case in the shell holder of the reloading press.
- Insert the bullet into the case mouth.
- Pull the handle of the reloading press to seat the bullet into the case.
- Inspect the seated bullet for proper depth and alignment.
- Repeat the process for each cartridge, ensuring consistent pressure is applied.

## Disposal Instructions

- Dispose of any unused or damaged dies in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- For further guidance on disposal, consult local waste management authorities.

## **Contact Information for Further Support**
