

# SEATER DIES - REDDING SEATER DIE 6MM/22-250 REM

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Seating Die includes bullet guide, built-in crimp ring and the proper seating plug. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging.

# Safety Instruction Guide for SEATER DIES

## REDDING SEATER DIE 6MM/22250 REM

### Introduction

Thank you for choosing the SEATER DIES REDDING SEATER DIE 6MM/22250 REM. This guide provides important safety instructions to ensure the safe use of this product. Please read and follow all instructions carefully to minimize risks and ensure proper functioning.

### General Safety Guidelines

- Ensure that the product is used only for its intended purpose: seating bullets for the 6mm/22250 Remington cartridge.
- Always handle the die with care and keep it out of reach of children and vulnerable individuals.
- Inspect the die regularly for any signs of wear or damage before use.
- Do not use the die if it is damaged or shows signs of malfunction.
- Store the die in a safe, dry place when not in use to prevent damage or accidents.

### Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the die.
- Ensure that the workspace is clean and free of clutter to prevent accidents during the reloading process.
- Do not exceed the recommended seating depth for the bullets being used, as this can lead to dangerous pressures.
- Be aware of the potential hazards associated with reloading ammunition, including the risk of explosion or injury from improper handling.
- Follow all manufacturer instructions and recommendations for reloading ammunition.

### Instructions for Installation and Usage

#### 1. Installation of the Die:

- Ensure that the reloading press is securely mounted and stable.
- Insert the Redding Seating Die into the reloading press according to the manufacturer's instructions.
- Tighten the die securely to prevent movement during operation.

#### 2. Using the Die:

- Adjust the seating depth according to the specifications for the bullet being used.
- Place a cartridge case into the shell holder of the reloading press.
- Insert the bullet into the case mouth and engage the press handle to seat the bullet.
- Check the seating depth using calipers to ensure it meets the specifications.
- Repeat the process for additional cartridges, ensuring consistent seating.

#### 3. PostUse Care:

- Clean the die after each use to remove any residue or debris.
- Store the die in its original packaging or a protective case to prevent damage.

## **Disposal Instructions**

- Dispose of any damaged or wornout dies in accordance with local regulations.
- Do not throw the die in regular household waste; check for specialized recycling options for metal products.
- Ensure that all packaging materials are disposed of responsibly.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the SEATER DIES REDDING SEATER DIE 6MM/22250 REM, please reach out to the manufacturer or your local distributor for assistance.

## **Conclusion**

Following these safety instructions will help ensure a safe and effective reloading experience with the SEATER DIES REDDING SEATER DIE 6MM/22250 REM. Always prioritize safety and adhere to the guidelines provided to minimize risks related to ammunition reloading. Thank you for your attention to these important safety measures.
