# Safety Instruction Guide for Redding Instant Indicator

## Introduction

Thank you for choosing the Redding Instant Indicator. This precision tool is designed to help hand loaders quickly compare headspace and bullet seating depth. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the product is used in accordance with the instructions provided.
- Always handle the tool with care to prevent injury.
- Keep the tool out of reach of children and vulnerable individuals.
- Regularly inspect the tool for any signs of damage or wear before use.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU Safety Gate platform.

## Specific Safety Precautions for Use

- **Avoid Contact with Moving Parts:** Ensure that hands and loose clothing are kept away from any moving parts during use.
- **Use Protective Gear:** Wear safety glasses and gloves to protect your eyes and hands.
- **Proper Handling:** Always handle the tool with dry hands to avoid slipping.
- **Secure Work Area:** Ensure that your workspace is clean and free of clutter to prevent accidents.
- **Do Not Modify:** Never alter or modify the tool in any way. Doing so may result in unsafe conditions.
- **Follow Instructions:** Always adhere to the instructions provided for specific tasks, such as sorting bullets or checking headspace.

## Instructions for Installation and Usage

### 1. Unpacking the Tool:

- Carefully remove the Redding Instant Indicator from its packaging.
- Ensure all components are included: one bore diameter bushing, surface contactor, shoulder contactor, headspace gauge, and complete instructions.

### 2. Setting Up the Tool:

- Select the appropriate bore diameter bushing for your cartridge (243 WSSM).
- Attach the surface contactor and shoulder contactor securely.
- Ensure that the headspace gauge is properly calibrated.

### 3. Using the Tool:

- To compare bullets or cases:
  - Place the bullet or case in the designated area of the tool.
  - Adjust the tool to ensure proper contact with the bullet or case.
  - Take the measurement and record the results.
- For checking bullet seating depth:
  - Insert the loaded cartridge into the tool.
  - Measure and compare against the desired specifications.

#### **4. PostUse Care:**

- Clean the tool after each use to maintain accuracy and performance.
- Store the tool in a dry place to prevent rust or damage.

## **Disposal Instructions**

- Dispose of the Redding Instant Indicator in accordance with local regulations.
- Do not dispose of the tool with regular household waste.
- If the tool is damaged or no longer usable, contact your local waste management facility for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the Redding Instant Indicator, please refer to the product packaging or visit the manufacturer's website for further support. If you encounter any safety issues, please report them to the appropriate authorities.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities.
