

CARBIDE 3-DIE HANDGUN SETS - REDDING CARBIDE 3-DIE SET 40 S&W

[Reloading](#) > [Reloading Dies](#) > [Handgun Dies](#)

Titanium carbide differs considerably from other carbides, and is the ideal material for resizing cartridge cases. Titanium carbide has the highest hardness of any readily available carbide. The difference is in the microstructure. Viewed under a microscope it appears smooth and rounded, which presents a slippery non-galling surface, ideal for lubeless resizing of cartridges. The Carbide 3-Die set includes the Titanium Carbide sizing die, expander die and bullet seating die with built-in crimp.

Attributes

- Name: [REDDING CARBIDE 3-DIE SET 40 S&W](#)
- Manufacturer: [REDDING](#)

CARBIDE 3DIE HANDGUN SETS REDDING CARBIDE 3DIE SET 40 S&W Safety Instructions

Introduction

Thank you for choosing the Redding Carbide 3Die Set for 40 S&W. This product is designed for resizing cartridge cases with safety and efficiency in mind. Please read this safety instruction guide thoroughly to ensure safe use and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Regularly inspect the dies for any signs of wear or damage before use.
- Always use the dies in a wellventilated area.
- Keep the dies and all reloading components out of reach of children and unauthorized users.
- Follow all local regulations regarding the reloading of ammunition.

Specific Safety Precautions for Use

- **Hazard Identification:**

- The resizing die may produce metal shavings. Handle with care.
- Improper use of the die can lead to cartridge malfunctions, which may result in injury.

- **Avoiding Hazards:**

- Always wear safety glasses to protect your eyes from debris.
- Use appropriate protective gloves to avoid cuts from metal edges.
- Ensure that the workspace is clean and organized to prevent accidents.

- **Age Restrictions:**

- This product is intended for use by individuals aged 18 and older. Ensure that younger users are supervised by an adult.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is securely mounted to a stable surface.
- Carefully insert the Titanium Carbide sizing die into the press and tighten it securely.
- Install the expander die and bullet seating die in the same manner.

2. Usage:

- Before resizing, inspect cartridge cases for any defects.
- Lubrication is not required due to the nongalling surface of the Titanium carbide.
- Follow the manufacturer's instructions for adjusting the dies to the correct height.
- Resize each cartridge case one at a time, ensuring proper alignment.
- After resizing, check each case for proper dimensions before proceeding to the next step.

Disposal Instructions

- Dispose of any damaged or worn dies according to local regulations.
- Recycle packaging materials where applicable.
- Ensure that all waste materials, including metal shavings, are disposed of safely to prevent environmental contamination.

Contact Information for Further Support

For any safety inquiries or further information regarding the Redding Carbide 3Die Set, please consult the manufacturer's official website or customer service.

Conclusion

By following these guidelines, you can ensure the safe and effective use of the Redding Carbide 3Die Set for 40 S&W. Always prioritize safety and stay informed about best practices in reloading. Thank you for your attention to these important safety instructions.
