

# COMPETITION SEATER DIES - REDDING 38-40 WINCHESTER BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

We feel the Redding Competition Bullet Seater is the best bullet 7/8-14 bullet seater on the market today. The machining is precise, and the sliding chamber is the smoothest we have ever experienced in a seater. This micrometer-adjustable die is calibrated in .001"" increments for precise seating depth adjustments and is infinitely adjustable (no clicks). It also has a zero set feature that allows you to zero the micrometer to your favorite seating depth. Sold separately or as part of a set. Also available for handgun and straight wall cartridges.

# Safety Instruction Guide for Redding Competition Seater Dies 3840 Winchester Bullet Seating Die

## Introduction

Thank you for choosing the Redding Competition Bullet Seater for your reloading needs. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of the product. Please read this document carefully to understand how to use the die safely and responsibly.

## General Safety Guidelines

- Ensure that you are familiar with the safe handling of reloading equipment and ammunition.
- Always use personal protective equipment, such as safety glasses, when reloading.
- Keep all reloading tools and components out of reach of children and pets.
- Store the die and all related components in a secure location when not in use.
- Regularly inspect the die for any signs of wear or damage before use.
- Follow all local laws and regulations regarding reloading and ammunition.

## Specific Safety Precautions for Use

- Do not exceed the recommended load specifications for the 3840 Winchester cartridge.
- Avoid using the die with damaged or improperly sized cases.
- Ensure that the die is securely mounted before use to prevent accidents.
- Do not attempt to modify or alter the die in any way.
- Use only the recommended components specified for use with this die.
- Be cautious of the micrometer adjustment; make small incremental changes to avoid overseating the bullet.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is clean and free from debris.
- Screw the Redding Competition Bullet Seater Die into the press using the standard 7/814 thread.
- Tighten the die securely but do not overtighten, as this may damage the threads.
- Adjust the seating depth by turning the micrometer to your desired setting.

### 2. Usage:

- Prepare your brass cases according to standard reloading practices.
- Place a bullet into the case mouth.
- Insert the case into the die and pull the handle of the press to seat the bullet.
- Check the seating depth using a caliper to ensure it meets your specifications.
- Repeat the process for additional rounds, making adjustments as necessary.

## Disposal Instructions

- Dispose of any used or damaged components in accordance with local regulations.
- Do not throw the die or any reloading components in regular household waste.
- Check with local waste management authorities for proper disposal methods for reloading materials.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the Redding Competition Bullet Seater, please contact the manufacturer directly or visit their official website for more information.

## Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with the Redding Competition Bullet Seater. Always prioritize safety and adhere to best practices when handling reloading equipment. Thank you for choosing Redding, and happy reloading!
