

# COMPETITION SEATER DIES - REDDING 460 S&W MAGNUM BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

We feel the Redding Competition Bullet Seater is the best bullet 7/8-14 bullet seater on the market today. The machining is precise, and the sliding chamber is the smoothest we have ever experienced in a seater. This micrometer-adjustable die is calibrated in .001"" increments for precise seating depth adjustments and is infinitely adjustable (no clicks). It also has a zero set feature that allows you to zero the micrometer to your favorite seating depth. Sold separately or as part of a set. Also available for handgun and straight wall cartridges.

# COMPETITION SEATER DIES REDDING 460 S&W MAGNUM BULLET SEATING DIE Safety Instruction Guide

## Introduction

Thank you for choosing the Redding Competition Bullet Seater for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of your bullet seating die. Please read this guide thoroughly before use.

## General Safety Guidelines

- Always handle reloading equipment with care and follow all safety protocols.
- Ensure that the workspace is clean and free from distractions.
- Keep the product out of reach of children and vulnerable individuals.
- Use only compatible cartridges (e.g., 460 Weatherby Mag, 460 S&W) as specified.
- Regularly inspect the die for any signs of wear or damage before use.
- Follow all local laws and regulations regarding ammunition reloading.

## Specific Safety Precautions for Use

- Wear appropriate safety gear, including safety glasses, to protect your eyes from potential debris.
- Avoid wearing loose clothing or jewelry that may get caught in the equipment.
- Do not exceed the recommended seating depth adjustments.
- Ensure that the micrometer is properly calibrated before each use.
- Keep hands and tools clear of the die during operation to prevent injury.
- If you experience any difficulties or irregularities during use, stop immediately and inspect the die.

## Instructions for Installation and Usage

### 1. Installation

- Ensure that your reloading press is securely mounted and stable.
- Attach the bullet seating die to the press by screwing it into the 7/814 threaded opening until snug.
- Verify that the die is aligned correctly and securely fastened.

### 2. Calibration

- Set the micrometer to your desired seating depth by adjusting it in .001" increments.
- Utilize the zero set feature to establish a reference point for your preferred depth.

### 3. Seating Bullets

- Insert a case into the press and ensure it is properly positioned.
- Place the bullet on top of the case mouth.
- Pull the press handle to seat the bullet to the desired depth.
- Inspect the seated bullet for proper alignment and depth.

### 4. PostUse Care

- After use, clean the die and remove any debris or residue.

- Store the die in a safe and dry location to prevent damage.

## **Disposal Instructions**

- Dispose of any damaged or worn components according to local regulations.
- Recycle packaging materials where possible.
- Do not dispose of the die in regular household waste.

## **Contact Information for Further Support**

For any safety inquiries or product support, please contact your local distributor or the manufacturer directly. Ensure to have your product details ready for assistance.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your Redding Competition Bullet Seater. Always prioritize safety and report any issues or concerns to the appropriate authorities. Thank you for your commitment to safe reloading practices.
