

# COMPETITION SEATER DIES - REDDING 40-65 WINCHESTER BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

We feel the Redding Competition Bullet Seater is the best bullet 7/8-14 bullet seater on the market today. The machining is precise, and the sliding chamber is the smoothest we have ever experienced in a seater. This micrometer-adjustable die is calibrated in .001"" increments for precise seating depth adjustments and is infinitely adjustable (no clicks). It also has a zero set feature that allows you to zero the micrometer to your favorite seating depth. Sold separately or as part of a set. Also available for handgun and straight wall cartridges.

# **Safety Instruction Guide for the Competition Seater Dies Redding 4065 Winchester Bullet Seating Die**

## **Introduction**

Thank you for choosing the Redding Competition Bullet Seater for your reloading needs. This guide provides important safety instructions and guidelines to ensure the safe use of this product. Please read this document carefully to understand how to operate the die safely and effectively.

## **General Safety Guidelines**

- Always ensure that you are using the bullet seating die in accordance with the manufacturer's instructions.
- Keep the bullet seating die out of reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of wear or damage before use.
- Use the die only for its intended purpose as specified in this guide.
- Report any unsafe conditions or incidents related to the die to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

## **Specific Safety Precautions for Use**

- Before using the bullet seating die, ensure that it is compatible with the 4065 Winchester cartridge.
- Handle the die with care to avoid injury from sharp edges or moving parts.
- Always wear appropriate safety gear, such as safety glasses, when operating the die.
- Do not exceed the recommended seating depth adjustments to avoid potential hazards.
- Ensure that the working area is clean and free from obstructions to prevent accidents.
- Follow all local laws and regulations regarding ammunition reloading.

## **Instructions for Installation and Usage**

### **1. Installation:**

- Ensure that your reloading press is securely mounted and stable.
- Remove any existing dies from the press.
- Carefully screw the Redding Competition Bullet Seater into the press using the 7/814 threads.
- Tighten the die securely, but do not overtighten to avoid damaging the threads.

### **2. Usage:**

- Set the micrometer to your desired seating depth. Use the zero set feature to calibrate to your preferred setting.
- Insert the cartridge case into the die's sliding chamber.
- Place the bullet on top of the cartridge case.
- Slowly lower the press handle to seat the bullet. Ensure smooth operation and avoid forcing the handle.
- After seating, inspect the cartridge for proper seating depth and alignment.
- Repeat the process for additional cartridges, adjusting the micrometer as necessary.

## Disposal Instructions

- Dispose of any damaged or unusable components of the bullet seating die in accordance with local regulations.
- Do not discard the die in regular household waste. Instead, check for local recycling programs that accept metal components.
- Ensure that all packaging materials are disposed of responsibly, following recycling guidelines.

## Contact Information for Further Support

For any inquiries or concerns regarding the Redding Competition Bullet Seater, please refer to the manufacturer's contact information provided with the product packaging or visit the manufacturer's official website.

Thank you for your attention to these safety instructions. Enjoy safe and effective reloading with your Redding Competition Bullet Seater!
