

COMPETITION SEATER DIES - REDDING 38-55 WINCHESTER BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

We feel the Redding Competition Bullet Seater is the best bullet 7/8-14 bullet seater on the market today. The machining is precise, and the sliding chamber is the smoothest we have ever experienced in a seater. This micrometer-adjustable die is calibrated in .001" increments for precise seating depth adjustments and is infinitely adjustable (no clicks). It also has a zero set feature that allows you to zero the micrometer to your favorite seating depth. Sold separately or as part of a set. Also available for handgun and straight wall cartridges.

Safety Instruction Guide for Redding Competition Seater Dies

Introduction

Thank you for choosing the Redding Competition Bullet Seater 3855 Winchester. This guide provides important safety instructions and guidelines to ensure the safe use of this product. Please read this document carefully before using the die.

General Safety Guidelines

- Ensure the die is used only for its intended purpose of seating bullets in cartridges.
- Always handle reloading equipment and components with care to prevent accidents.
- Keep the die and all reloading components out of reach of children and unauthorized users.
- Use appropriate personal protective equipment, such as safety glasses and gloves, when reloading.
- Be aware of your surroundings and ensure you are in a safe environment when using this product.
- Follow all local laws and regulations regarding ammunition reloading.

Specific Safety Precautions for Use

- Inspect the die for any signs of damage or wear before each use. Do not use if damaged.
- Ensure that the die is properly installed in your reloading press according to the manufacturer's instructions.
- Avoid overtightening the die in the press, as this may cause damage to the die or the press.
- Always use the die with compatible cartridges only (3855 Winchester).
- Keep fingers and hands clear of the die's moving parts during operation to prevent injury.
- Do not modify or alter the die in any way, as this may compromise its safety and functionality.
- If you experience any unusual behavior while using the die, stop using it immediately and seek assistance.

Instructions for Installation and Usage

1. Installation

- Ensure your reloading press is clean and free of debris.
- Insert the Redding Competition Bullet Seater Die into the press's die holder.
- Secure the die by tightening the lock ring, ensuring it is firmly in place but not overly tight.
- Adjust the seating depth using the micrometer feature according to your desired specifications.

2. Usage

- Prepare your cartridges and bullets according to standard reloading practices.
- Place a cartridge case in the press and ensure it is properly aligned with the die.
- Insert the bullet into the case mouth.
- Engage the press handle to lower the bullet seater onto the bullet, seating it to the desired depth.
- Inspect each loaded cartridge for proper seating depth and alignment.
- Repeat the process for additional cartridges, checking the micrometer setting as needed.

Disposal Instructions

- Dispose of any unused or damaged reloading components in accordance with local regulations.
- Do not discard the die in regular household waste.
- Consult local waste management guidelines for the proper disposal of metal and plastic materials.

Contact Information for Further Support

For any inquiries regarding the Redding Competition Bullet Seater Die, please refer to the manufacturer's contact resources. Ensure you have your product details ready for efficient assistance.

By following these safety instructions and guidelines, you can ensure the safe and effective use of the Redding Competition Bullet Seater Die. Always prioritize safety and consult the appropriate resources if you have any questions or concerns.
