# Redding Full Length Die Set Safety Instruction Guide

## Introduction

Thank you for choosing the Redding Full Length Die Set for your reloading needs. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. Please read and follow these instructions carefully to avoid potential hazards and ensure a successful reloading experience.

## General Safety Guidelines

- Always handle reloading equipment with care and follow all safety protocols.
- Ensure that you are familiar with the reloading process and the specific requirements of the 223 Rem Ackley Imp 40 cartridge.
- Keep all reloading components, including dies, powder, and primers, out of reach of children and pets.
- Use personal protective equipment (PPE) such as safety glasses and gloves when reloading.
- Store all reloading materials in a cool, dry place, away from direct sunlight and heat sources.
- Regularly inspect your reloading equipment for signs of wear or damage.

## Specific Safety Precautions for Use

- Ensure that the die set is compatible with your reloading press before use.
- Always doublecheck the settings on your dies before beginning the reloading process.
- Do not exceed the recommended load data for the 223 Rem Ackley Imp 40 cartridge.
- Avoid distractions while reloading to maintain focus and accuracy.
- If you experience any malfunctions or issues with the die set, stop using it immediately and consult a qualified technician.
- Follow the manufacturer's instructions for cleaning and maintaining your die set.

## Instructions for Installation and Usage

### 1. Installation of the Full Length Die Set:

- Remove the die set from its packaging and inspect for any visible damage.
- Securely mount the full length sizing die into your reloading press, ensuring it is tightened appropriately.
- Install the seating die in the same manner, making sure it is adjusted to the desired seating depth.

### 2. Using the Full Length Die Set:

- Begin by resizing your brass cases using the full length sizing die. Follow the manufacturer's recommended technique.
- After resizing, clean the cases thoroughly to remove any debris or lubricant.
- Load the desired powder charge into each case according to the load data specific to the 223 Rem Ackley Imp 40 cartridge.
- Insert a bullet into the case mouth and use the seating die to ensure proper bullet seating depth.
- Inspect each completed cartridge for consistency and quality.

### 3. PostUse Care:

- After completing your reloading session, clean the dies according to the manufacturer's instructions.
- Store the die set in a safe place, ensuring it is protected from moisture and damage.

## **Disposal Instructions**

- Dispose of any unused or expired reloading materials in accordance with local regulations.
- Do not discard any hazardous materials, such as primers or powder, in regular waste. Contact your local waste management authority for proper disposal methods.
- Clean and recycle any packaging materials, if possible.

## **Contact Information for Further Support**

For questions or concerns regarding the Redding Full Length Die Set, please refer to the manufacturer's contact information provided in the product packaging or on their official website.

By following these safety instructions, you can ensure a safe and effective reloading experience with your Redding Full Length Die Set. Always prioritize safety and stay informed about best practices in reloading. Thank you for your attention to these important guidelines.
